FOCUS WORKSHOPS

4 consecutive days with classes 2 hours a day.

\$175.00 each workshop

These workshops are for dancers with previous experience or competitive dancers who need to increase abilities in one specific style. This is a perfect opportunity for dancers who favor one style and would like to dance with new faces and abilities. We welcome dancers from all backgrounds and training facilities. This is not a recruitment class but a program for our staff to share dance in a non-competitive environment, so dancers can express themselves through the movement in which they enjoy. This time is allocated for experienced dancers to refine their craft and increase their knowledge and ability in one specific style. These classes are limited in size to retain the direct attention of the instructor.

- \$25.00 discount per session will be applied for any dancer enrolling in more than one session.
- \$50.00 deposit is required to reserve spot in session.
- The balance will be charged the Friday prior to the start of the session.
- June Sessions will be limited to 10 dancers per session.
