If you have come in contact with anyone who is currently infected or you have visited a COVID19 "hotspot", you will not be allowed to enter the facility for 14 days upon your return. If you have contracted COVID19, you will need to provide a doctor's note for a safe return to class.

Use hand sanitizer on the way into the facility and on the way out! Wash your hands often with soap and water for at least 20 seconds.

All students should use a dance bag that can be easily wiped down prior to entering the studio. We recommend Scout products, plastic laundry baskets or large plastic storage bins. Make sure your name is clearly displayed on all items.
