A Community Level Course in the Trainer Pathway

The Oceania Sport Education Programme (OSEP) is an initiative of the Oceania National Olympic Committee. It is designed to develop sport education in the Pacific region with National Olympic Committees, Regional Sports Federations in Oceania and their member national Federations.

The OSEP comprises a number of training programmes that have been specifically designed to provide a regional approach to sport education by developing flexible, relevant, modern curricula. The programme underwent an external, independent evaluation which involved several layers of stakeholder consultations, compilation of findings, recommendations, validation with stakeholders before moving into a new strategy and direction. At its core, the courses remain the same.

The courses are in five streams targeting community, development and national level sport volunteers and paid professionals:

1. Administration
2. Coaching
3. Strength and Conditioning Coaching
4. Team management
5. Trainer

COURSE FACILITATORS

To support the community level training programme, specially trained and accredited facilitators will help to ensure training is delivered to a high standard and all course participants are competent in the course they are undertaking.
