# INTRODUCTION

**We are pleased to provide you an e-leaflet that presents ONOC's plan for this quadrennium. It includes budgets and Continental Programmes established for the 2021 - 2024 quadrennium, that NOCs can apply for.**

In the new quadrennium, ONOC will continue to offer programmes that meet the specific needs of our member NOCs. This is in line with the ONOC Strategic Plan 2018 - 2021, while also taking into account the key priorities of the International Olympic Committee for the new quadrennium. These are:

- Empower NOCs to keep athletes at the heart of the Olympic Movement;
- Ensure good governance, financial control and compliance;
- Strengthen the Olympic Movement's solidarity funding model;
- Align with the IOC's strategy for the post-coronavirus world;
- Enable NOCs to contribute to the promotion of the Olympic Values;
- Provide individualised services to NOCs;
- Measure impact of programmes and funding.

The total budget for this quadrennium is USD \$25,000,000.

### ONOC Plan 2021 - 2024

## PROGRAMMES FOR NOCS

Grants available to NOCs for the quadrennium are as follows:

- NOC Activities **USD 8,500,000;**
- Regional and National Games **USD 440,000;**
- OlympOceania **USD 780,000.**
- Regional Development Fund **USD 5,160,000.**

Interested NOCs will need to apply for these Grants. These can either be done via RELAY for NOC Activities and via email for all other continental programmes grants.

## PRE-APPLICATION REQUIREMENTS

In order to apply for the various Continental Programme grants in the new quadrennium (2021 – 2024), NOCs must send ONOC copies of the following:

- (i) NOC Strategic Plan;
- (ii) NOC Constitution/Charter/Articles of Association;
- (iii) Updated UMAP;
- (iv) Audited Financial Statements for the last quadrennium (2017-2020);
- (v) Outstanding Continental Programme reports (2017 – 2020).

All applications, either on RELAY or email, will be reviewed and approved once all these items have been received.

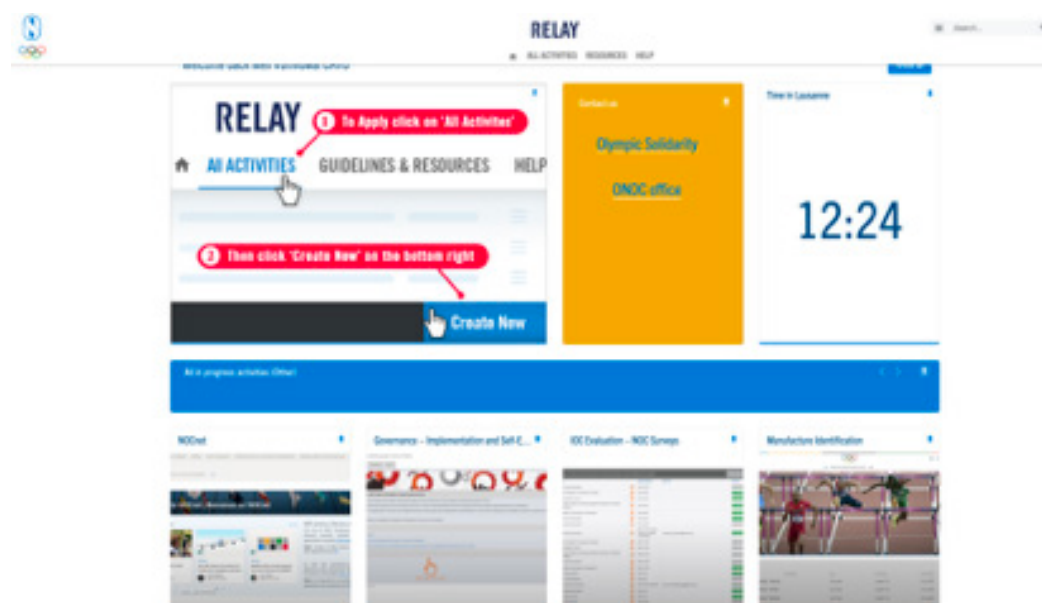

# RELAY

**RELAY, the Olympic Solidarity online platform, will allow NOCs direct online access to the Continental programmes.**

NOCs will use RELAY primarily to:

1. Apply for Continental Programme grants,
2. Report on the use of the Continental Programme grants (Financial and Technical reports),
3. Communicate with ONOC, regarding the Continental Programme grant,
4. Refer to grant Guidelines, and other resources.

It is our vision that by the end of the quadrennium, NOCs would have used RELAY to apply for all Continental Programme grants. In 2021, NOCs will only use RELAY to apply for the NOC Activities Programme Grant.

Until such time all other Continental Programme grants can be applied for on RELAY, NOCs will continue to apply for these other grants via email, as they have done so in past quadrennia.

Except for the NOC Activities Programme application, please send all your continental programme applications to:
