REMODELING FACE®

This age-defying treatment targets the face, décolleté, and neck to restore elasticity, stimulate circulation and re-sculpt the facial structure, leaving spectacular visible results. The combination of three currents (galvanic, medium, and high frequencies) re-sculpts the facial structure for wider looking eyes, more pronounced cheekbones, less marked wrinkles and a more clearly defined facial contour.

VIP O₂ OXYGENATING TREATMENT*

This is a detoxifying, anti-pollution facial treatment designed to clear the skin of impurities. The micro-massaging treatment, combined with Chlorella Sorokiniana microalgae, will stimulate the epidermis to re-oxygenate the cutaneous tissue. The booster VIP O₂ revitalizes and boosts the complexion. It improves the “soft focus”, to add brightness and radiance to the face.
