FIVE YEAR REPORT TEMPLATE
PREVIEW: The Conservation Commission will host a preview webinar of the Voluntary Stewardship Program (VSP) five year report template on July 23, 2020 at 9 am – 10 am.

The Commission, with the assistance of the VSP Technical Panel and Statewide Advisory Committee, is currently working on a guidance document and template for county work groups to use for their five year reporting requirements under VSP.

This preview will assist county work group members, technical service providers, county staff and others who are implementing VSP to understand what the Commission's role is in the five year reporting process and to see the kinds of questions and data the Commission is using on the template.
