# BREAKING DNS BARRIERS

Constellix's vision is to remove the barriers between DNS providers with a simple and effective integration that creates redundancy and ultimate connectivity. Our partnership program is purposefully and thoughtfully designed for precise DNS traffic management and superior analytics.

By working together, we can create scalable solutions that are beneficial for any and all clients to create an additional layer of security and reliability. Not to mention the utmost in efficiency and seamless integration for enterprise organizations.

We combine our industry expertise and a 20-plus-year trusted DNS network with advanced machine learning, analytics tools that help defy potential outages and threats. Having Constellix as your secure partner provides a 100% outage-free solution.

As our partnership continues to grow, we will continue to invest in our infrastructure that will only add more resiliency, security, and stellar performance.

## COLLABORATION IS KEY

**"Effectively, change is almost impossible without industry-wide collaboration, cooperation, and consensus."**
