Break

Please mute mic and turn off video during the break.
DVR Services are provided by State and Federal VR Funds. The VR program typically receives 78% in Federal funds and 22% in State funds. For detailed information on the dollar amount of Federal funds for the program, please visit https://rsa.ed.gov/programs.cfm?pc=basic-vr&sub=awards.
Budget Highlights

• If the state requires a 15% reduction of state funds, DVR will have sufficient funds to both meet our Match and MoE requirements.

• Monthly Expenditures are at a historic low due to COVID, including:
  • Large decline in applications and eligibility determination
  • Significant impact to service delivery, including Pre-ETS
  • Decreased staffing costs

• DVR will not be requesting additional state funds for this current state year or next biennium.

Safe Start Goal

Ensure employee and customer safety comes first

Use the best public health and safety practices

Provide timely and equitable public service
Safe Start

• Telework through June 2021

• Analyze the facilities in each region and community with the following goals in mind:
  • Right-size leased facilities space to meet DSHS business needs with expanded telework.
  • Keep optimal facilities and locations within communities while working with lease end dates.
  • Right-size facilities with minimal tenant improvements and budget impact.
  • Adjust office spaces to support teleworker “in-office” days.
Order of Selection

Monthly releases increase from 200 to 300 beginning November 2020

1. Local Office Outreach
   • Outreach list sent to each region monthly
   • Identifies everyone on the list with no contact for 6 months
   • Regional staff reaching out

2. State Office Outreach
   • Two weeks prior to each release date
   • Notification to individuals being released
   • DVR will be reaching out to connect

Eligibility Determination/Priority of Service

• Working with ELT to establish clarity on guidance around determinations and significance of disability
• Clarifying documents and content that will be used for Training purposes; considering breaking in to two parts Eligibility/Severity of disability for training purposes only.
• Some training has moved forward that contributes to Eligibility and consistency such as medical aspects training.
• Hope to roll out additional eligibility training by spring 2021
Equity, Diversity and Inclusion

• Reports to the Deputy Director of DVR and serves as the Division’s single statewide expert on equity, diversity and inclusion;

• Provides expert level consultation, technical assistance and policy development to the Director and the leadership team to strategically identify, develop, promote and internalize leadership skills and competencies that support EDI policies, practices and principles;

• Serves as the Division's State Level Tribal Liaison;

• Assists the Division to increase awareness and remove barriers to institutionalizing EDI concepts and culture throughout DVR;

• Develops, implements, monitors and continuously refines a comprehensive, statewide EDI plan that is incorporated in the DVR strategic plan;

• Establishes the appropriate infrastructure to ensure key performance measures are met requiring that EDI concepts remain an integral part of DVR.
Transition Services

• New approaches for VRC’s providing services during pandemic:
  • connecting with youth virtually when possible, providing technology when appropriate
  • using new tools to provide assessment including You Science, Virtual Job Shadow

• Statewide training for VRC’s working with schools:
  • CCTS- Training on IEP meetings, collaboration with ESDs, and T-Folio tool
  • YSP/KSA module trainings through Y-Tac (Youth Service Professionals Knowledge, Skills, and Abilities)
  • Internal Transition Training are ongoing
Pre-Employment Transition Services (Pre-ETS)

• Regional Transition Consultants (RTC) are working with Schools and VRC’s on taking referrals for Pre-ETS identified youth/potentially eligible youth

• RTC staff working with Pre-ETS contractors to ensure services are delivered to areas in need, collaborate on workshops, and delivery of services

• RTC staff provide direct delivery of Pre-ETS services where there are gaps in contractor services to ensure equitable access across the state
Staffing

• Terry Redmon – Deputy Director – 8/16/20
• Interim Regional Administrators – 11/1/20
  • Region 1: Pablo Villarreal
  • Region 3: Shawn Walsworth

Samples of Customer Comments

• COVID-19 Impacts
  • Range from, “My VRC & I agreed to put services on hold,” to “I haven’t heard from my VRC in months.”
  • “Everything was held up due to COVID -19. I am very satisfied with my DVR Counselor. She has done the best she can do with her hands tied. “
  • “I am completely unclear as to what anybody did for me during COVID I had 1 phone conversation asked what this program was and was basically told we are here to support you then no more contact and got a letter to sign saying I've completed DVR. Now I'm receiving this letter what the heck was this program? I got nothing from it not even knowledge of what this was to help me with I believe I fell through the cracks completely dissatisfied and really hope taxpayer's aren't paying for a program that can't even be explained.”
  • “I have not been in very good contact with DVR or my counselor because my mom won't let me get a job because I am high risk to the virus.”
Samples of Customer Comments

• Counselor turnover –
- “I've been through five counselors in nearly 10 years. In school part-time, the goal of finding employment was not met. With each new counselor, I had to give them a summary of my disability. They never read my case file. “
- “Over the last year I have been transferred to a number of counselors at my local office. I have returned mail, texts, and written letters sent to me. I received little to no feedback. I have no idea who is handling my case at this time. Very frustrating. I have been left to my own devices.”
Samples of Customer Comments

• **Timeliness**
  - “Does not have a lot of resources and only results when DVR needs something but drags out a return to work plan. I have to fight for everything to get done!”
  - “I have waited for 155 days (12 Weeks & 5 months) since my first meeting with DVR. I am really anxious to get back to work I have been unable to meet with the person you have assigned me to (on 2 separate occasions I showed up and she wasn't there! In the meantime there has been NO effort to contact me.”
Samples of Customer Comments

• Order of Selection
  • “I was on the list for 2 years with no contact from DVR.”

• Positive Feedback
  • “Linda was my rock. She saw me through some really hard times. She was invaluable to me!”
  • “Thank you for helping me become more independent and better self esteem. I have a job I'm very happy with. Thank you so much.”
  • “I'm really glad to be in the DVR program. DVR has helped me a lot throughout the years I have been in the program.”
  • “I am very happy with my new job.”

Partner Updates
A. **WATAP COVID-19 Services Update**
   As of July 15th, we restarted our short-term device lending and services provided through the iCanConnect WA program. We continue to offer phone and online assistive technology consultations, as well as device demonstrations via video conferencing, until we can safely provide face-to-face device demonstrations. We are providing assistive technology webinars in lieu of in-person events, which will continue to be on hold until the State has moved to Phase 4 of reopening. Latest updates and announcements are being provided on FaceBook and Twitter.

B. **Short-term Device Lending to DVR Clients**
   Since July 15th, we have provided 40 devices for decision making purposes to 17 DVR clients; 3 Whatcom, 2 Skagit, and 12 King.

C. **WATAP-DVR trainings update**
   We offered 3 90 minute trainings via webinar to 144 DVR staff, Tribal VR staff, CRPs, and other DVR partners during the last quarter:
   - September 9th DVR Introduction to Assistive Technology: 40 participants
   - September 16th Off the shelf Low Cost Assistive Technology Solutions and Modifications: 67 participants
   - September 23rd Assistive Technology for Sensory Loss: 37 participants

D. **WATAP-DVR Contract for 2020-2022**
   On September 17, 2020, we signed a contract with DVR for services to be provided in partnership October 1, 2020-June 30, 2022. The contract includes funds for assistive technology devices for the ATAPs to have for the purpose of providing demonstrations and evaluations and additional devices for our Lending Library for DVR clients to borrow to make sure a particular device will work for the client before being purchased.

   We will be offering these popular topics as webinars through June 30, 2021:
   1. Assistive Technology to support Computer Access;
   2. Assistive Technology to support Cognition and Mental Health;
   3. Assistive Technology to support Ergonomic Solutions;
   4. Assistive Technology for Rural Communities to support farmers and agricultural workers; and
   5. Assistive Technology and Transition.

   Upcoming Webinars will be 75 minutes in length and include an in-depth device demonstration portion for a deeper dive into the technology. We have begun scheduling these webinars, with the first offerings being:
   - Nov. 18th 1-2:15pm What’s New in Computer Access
   - Dec. 10th 10-11:15am Assistive Technology for Rural Communities
The contract was written with the flexibility for us to return to in-person training beginning in July of 2021, but this will depend on the nature of the COVID-19 pandemic in the summer.

We are also negotiating an amendment to the contract to allow us to respond to a new training need to support a new DVR project which will provide mobile technology and apps in supported employment. The training will focus on the meeting the needs of the DD population in employment settings and assistive technology considerations.

HEALTH SENTINEL NETWORK OPENS FOR EMPLOYER FEEDBACK
Washington’s Health Workforce Sentinel Network is once again ready to hear from employers around the state about their greatest health workforce needs. Twice a year, the Sentinel Network helps capture key recruitment, retention, and skills issues being confronted, including during the COVID-19 pandemic, and make that information available to educators, policymakers, and others. Washington’s Sentinel Network is a collaboration of the state’s Workforce Board and the University of Washington’s Center for Health Workforce Studies. The current survey is open through the end of October. More details: https://www.wtb.wa.gov/planning-programs/health-workforce-council/

CAREER BRIDGE UPDATES FEATURED AT WEBINAR—TAKE A LOOK
The Workforce Board’s nationally recognized career and education platform www.CareerBridge.wa.gov was featured at a First Tuesdays webinar for librarians and other workforce professionals earlier this month. Missed the webinar? View it now at: https://my.nicheacademy.com/washingtonstate/course/20032. Career Bridge launched 10 years ago and has since grown to include more than 6,500 Washington postsecondary programs—including apprenticeships—in one place. This recorded webinar also provides information about updates to the site, including the upcoming launch of a digital portfolio feature and a more mobile-friendly interface. This free site received over 6 million page views last year.
NEW FINANCIAL AID TOOL LAUNCHES THIS FALL
The Washington Student Achievement Council has launched a new online resource to help students and families navigate the often complicated world of student loans and repayment. The new Washington State Student Loan Education site provides multiple learning modules to help education consumers better understand higher education costs and considerations. https://www.studentloaned.wa.gov/

SMALL BUSINESS COVID-19 WEBINAR NOW OFFERED IN SPANISH
The COVID-19 pandemic has Washington small business owners asking about workplace safety and health, reopening guidelines, workers’ compensation impacts, federal loan updates, and more. Now this no-cost information is being made available in a Spanish language webinar. It’s the joint project of several state agencies, including Washington’s Employment Security Department. The Spanish-language “COVID-19 Impact” webinar runs from 10 a.m. to noon on October 28. Get details and register: https://bit.ly/2SO4Xhe. More questions? Contact Rafael Colon at RColon@ESD.WA.GOV.

WA State Independent Living Council
WSRC Quarterly Report – Kim Conner
WASILC Executive Director
November 2020

WSRC – WASILC Partner Report

The council has three new members; Ricardo Funes, Mona Fuersteneau, and Kimberly Meck. We are awaiting our tribal liaison appointment, Donna Adamson. We will begin recruiting open and terming off positions in January, 2021. We are concentrating on filling those positions from central and eastern WA, cross disability, and racial/ethnic diversity.
The Centers for Independent Living in partnership with the SILC and Partnership in Inclusive Disaster Strategies (PIDS) will be providing a free virtual day and half conference on Emergency Preparedness on November 17th & 18th. Please see the flyer for more details and to register for this free event. The Key note speaker is Justine Shorter from the National Disability Rights Network and will be giving her speech on “Racial Inequity in Emergency and Disaster Response”.

Julie Hocker, Commissioner on Disability, from the Administration on Community Living announced the newly invigorated partnership with ACL, RSA, VA, and Housing. Specifically how to best utilized Centers for Independent Living Five Core Services to support people with disabilities in increased employment outcomes, secured housing in the community, and youth transition. The five core services are: IL Skills, Advocacy, Peer to Peer Support, Information & Referral, and Transition (defined as youth transitioning from school, move from institutional housing to community living, and keeping someone from going into institutional living). The Council will be exploring how to support these best practices in WA State.

Our next quarterly meeting will be held virtually in January. Information on our meeting is posted on our website www.wasilc.org.

Developmental Disabilities Council Update – July 2020

• The Developmental Disabilities Council (DDC) collaborated with Self-Advocates in Leadership (SAIL) and The Arc of Washington State to write a letter to Governor Inslee expressing our serious concern about the proposed budget cuts and their potential impact on people with developmental disabilities and their families. To date, 21 other community organizations have signed on in support of the letter.

• The DDC is currently discussing its public policy priorities for the 2021 Legislative Session, which will be finalized in November.

• The DDC is currently developing its next 5-year state plan and collected more than 500 survey responses from community members. DDC members are using this input, along with other data collected, to develop goals and objectives. The draft State Plan will be available for review and public comment in the spring.

Special Education Advisory Council
Update – November 2020

SEAC Belief statement:
“We believe that every student in Washington State has the right to reach his or her full human potential. We believe that students will fully and meaningfully participate in their education and community. We will use our strength as a broad based and diverse constituency group to play an active and influential role in decisions affecting education policies, programs, and services. Our priorities are focused on building a strong public education system that is inclusive, equitable, proactive, and supportive of students, families, and educators.”
