

## Social Media Review

What is a review?

The review I conduct gives your business a renewed direction and purpose. My firmest wish is that you are empowered to reach as many people as you want with your service or product. To do this I will brush up your knowledge in the following:

- Branding across all platforms
- Tagline
- Mission statements
- Elevator Pitch
- Customer Profile
- What is your desired end result?
- Completing your profiles
- Understanding your analytics
- Content Planning
- Scheduling
- Time management

I am able to do this with you Face to Face or by Skype. My hourly rate is €80 but please check my website/Facebook page for any special offers!
