

*Congrats for embarking on this amazing adventure with me!  
The mission of Made by Megan is to turn your old memories  
into something new and give back to others.*

**Here is how it works....**

1. You entrust me with your t-shirts and any other clothing you would like to be in your blanket.
2. I cut out and puzzle together the pieces to create something just for you.
3. I send you a picture of your design so you can change and rearrange anything you would like before it is sewn.
4. Your blanket is put together with a nice cotton fabric backing of your choice and a fluffy piece of batting in between to make your blanket soft.
5. I deliver you a very memorable gift!
6. With your remaining material, I make a blanket that is given to someone at the Children's Hospital of Richmond at VCU.

When the blanket is made for someone at the Children's Hospital of Richmond it is posted on Instagram @Made\_By\_Megan93 with #GivenBy(Your Name). You will forever be able to keep your memories and give a new memory to a child in need of a smile.

**Getting your shirts ready...**

- Gather any shirts and clothing you want included in the blanket. I always say it is better to send way too many than not a lot. I have received boxes that included 10-150 shirts, so if you're on the fence, add it to the pile.
- Mark any designs that you DO NOT want included with tape or a sticky note. I will include every design I see, no matter how big or small, unless marked otherwise.
- Box all of your shirts. If you are shipping them to me, please make sure they are in a waterproof bag. Then ship or give the shirts to me. I am currently located in Richmond, VA!

## Cost...

One-sided blankets range from about \$125-\$300 where two-sided blankets range from \$300-\$500. All of this depends on the number of shirts and size of the blanket. Because each blanket is made custom, I cannot determine the final price until your shirts are cut and the blanket design is laid out. The prices you see include all of the materials, labor, shipping, and the blankets made from your remaining materials for the hospital.

The chart below is a little mathematical magic that I use to determine cost. The bold numbers are the relative size of your blanket in inches and the colors then correspond with price range of the blanket.

Crib	45" x 60"	Red	\$125-\$150
Twin	66" x 90"	Yellow	\$150-\$175
Double	80" x 90"	Green	\$175-\$200
Queen	90" x 90"	Blue	\$200-\$250
King	110" x 100"	Purple	\$250-\$300

\*\* : These are the geometric calculations that I use to determine the design of your blanket. The sizes relate to the templates that I use. They are not equivalent to exact price.

## Timeline...

From the day that I receive your box of shirts, your blanket should take about 2 months to complete. If you decide that more shirts need to be added once I have started working on your blanket, a month will be added to the original delivery date.

Please take time to fill out this page and include it when you give me your shirts. Contact me with any questions you may have. I hope to create many smiles with you!
