

## **Senior .NET Developer**

Arcurve is one of North America's leading full-service technology, advisory and software development companies. In 2006, we began with a belief that there was a better way to deliver professional services in the technology industry. Since then, we have completed more than 700 projects for clients ranging from start-ups to Fortune 500 companies. From our offices in Calgary, Halifax, Houston and Vancouver we deliver exceptional results for our clients in a diverse range of industries including telecommunications, oil and gas, transportation, private equity, gaming, infrastructure, software, financial and hospitality.

At Arcurve, we believe that work should be an enjoyable experience, and that the best "aha" moments come through team learning and continuous motivation. We know the key to success is collaboration, and that you can't put a value on accountable, transparent and authentic interactions. We strive to deliver exceptional service, while creating lasting, authentic relationships with our employees, our contractors, our students, our clients and our community.

We're looking for an authentic, collaborative, accountable and talented **Senior .NET Developer** to join the Arcurve team!
