

## Advisory Services

### Management Consulting

### Strategic Planning To Transform Your Organization

Our team of management consultants have a deep and diverse skillset to maximize the value we provide you. We champion your business and focus on helping you optimize a path: whether on your digital transformation journey or a strategic review of your processes, applications, or organizational design.

### Process Guided Not Process Driven

Our practical and pragmatic approach ensures the processes we bring to every engagement are adapted to meet your organization's culture and long-term objectives.

#### **Our Management Consulting Services include:**

Digital transformation advisory | Strategy (IT, Company, Product) advisory | Organizational planning and design | Leadership mentoring | Interim leadership | Mergers and Acquisitions

### Our Project Assignments Include:

- Discovery / Fact Finding – level set expectations, interview key stakeholders, review existing artifacts and data
- Analysis / Trend Definition – analyze data and feedback, group into common themes, identify patterns and articulate the problem statement, identify the gaps / opportunities
- Strategize / Brainstorm – promote proactive forward looking thought process through our three-question scoping methodology: – what should we “stop doing”, “start doing”, and “keep doing”.
- Recommend / Plan – recommend a plan by addressing the problem statement, focusing on process improvements, setting priorities and timeframes, setting a budget for resources and cost, and providing a cost/benefit analysis.

## Our Project Plans include:

- Execute / Implement – coordinate activities, requirement definition, business process articulation, data integrations, organization change management and communication, testing and training requirements
- Transition / Hand-over – ensure documentation exists for support, users are trained and operations team are prepared for the hand-over
- Operate / Sustain – on-going integration, reporting, code development support as required
