ELIMINATION OF FATALITIES

WHY WE HAVE THE SYSTEM

CONTRACTOR MANAGEMENT THE ISSUES

1

Request for Contracts not having appropriate risk management

2

Using Sole Sourcing as opposed to Tender

3

Not being able to choose the highest quality candidate

4

Poor mobilisation resulting in project delays

5

Lack of Risk Management on project delivery

6

Lack of day to day management and planning

7

Lack of accountability to systems and legal contracts

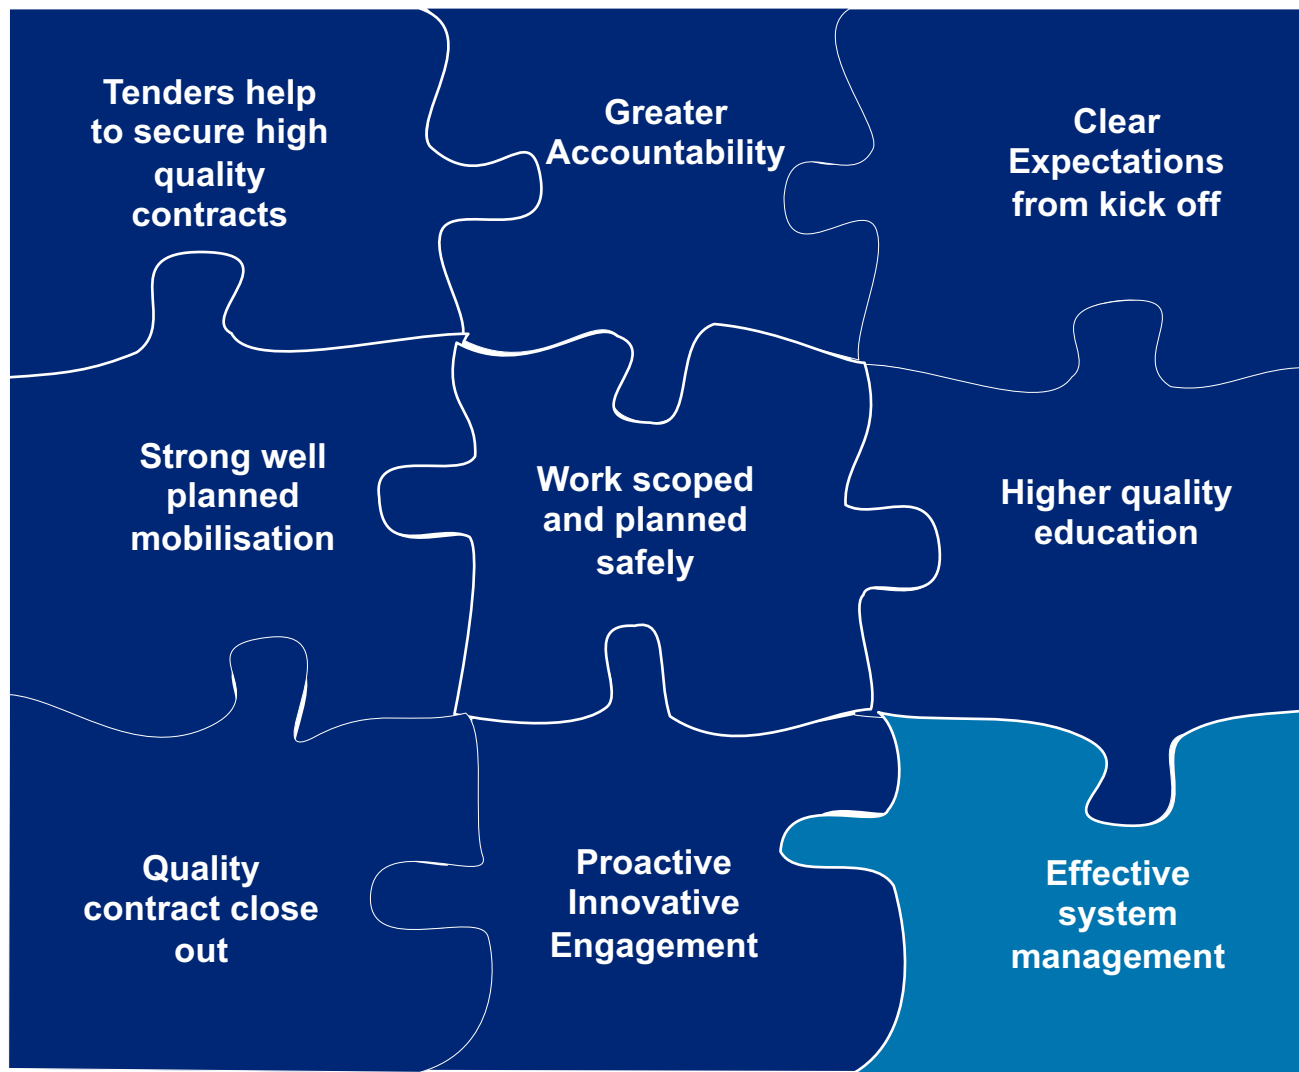

8

Failure to close out contracts effectively

9

Lack of understanding of responsibilities under a legal contract

WHAT WE HAVE GAINED FROM IMPLEMENTING A QUALITY SYSTEM

ADDITIONAL BENEFITS

- Higher hazard and incident reporting by contractors across site
- Improved TRIFR
- Sharing innovations implemented by our contractors
- Higher production due to innovation and safety
- Highly effective contracts
