## Habits of Mind Reflection: Planning for Instruction

\*Refer to the **Habits of Mind Definition Worksheet**\*

- How can I teach my students how to think?
  
- What do I currently see them doing and saying?
  
- How would I like them to be (ex: skills & traits)? Create a list.

- Put a star or check beside the three or four most important (for the students you are teaching) traits/skills you listed above.
- What processes do I want my students to practice and develop?
- What thinking skills will be necessary to activate their minds?
- How might I directly teach those thinking skills?
