

## BERGH LUDWIG RIESLING 2020

Developed by Icon Wines in close collaboration with the Gruber family.

Riesling is one of our favourite varieties. Our cool climate and primary rock soil are perfect for its freshness! The playful dialog between minerality and fruitiness makes this wine very savoury.

### WINE DESCRIPTION

Light yellow, fine flowering notes in the nose, white stone fruit, a hint of pineapple, full bodied aromas of pear and lime peel; delicate mineral base, white peach, medium body, juicy and fresh structure.
