

LET'S BE GOOD NEIGHBORS.

Anyone familiar with Orange knows that parking is a valuable commodity. We at Friends strive to be good neighbors to the housing communities around us, and abide by the parking guidelines given to us by the City of Orange. We ask that you follow these guidelines for parking while visiting our church:

- Please abide by the parking flow on this map, and the guidance of our parking team on Sunday services.
- Please consider alleviating the strain on our parking lots by parking in the public lot on Lemon & Chapman.
- Please keep street parking free for residents by refraining from parking in neighborhoods surrounding the church.
- The auxiliary lots surrounding our building, on the northside of Almond Ave are made available by the generosity of their owners. Please allow us to continue to have a positive relationship by not parking in these lots outside of Sundays, and keeping their parking lots clean from trash.

Each one of these small sacrifices allows us to maintain a positive reputation with our neighbors and community, not only for Friends Church, but more importantly for Jesus Christ.
