

TOWN OF BLACK BROOK
BUILDING PERMIT INFORMATION

1. No person, firm or corporation shall commence the erection, construction, enlargement, alteration, removal, improvement, movement, demolition, conversion or change occupancy of any building or structure; or install plumbing or heating equipment; or cause the same to be done, without first having applied for and obtained a permit from the Code Enforcement Official of the Town.
2. A permit shall NOT be required for:
 - a. One story detached structures associated with one- or two-family dwellings or multiple single-family dwellings (townhouses) which are used for tool and storage sheds, playhouses or similar uses, provided the gross floor area does not exceed 144 square feet.
 - b. The installation of swings and other playground equipment associated with a one- or two-family dwelling or multiple single-family dwellings (townhouses).
 - c. The installation of a swimming pool associated with a one- or two-family dwelling or multiple single-family dwellings (townhouses) where such pools are designed for a water depth of less than 24 inches and are installed entirely above ground.
 - d. The installation of fences that are 6 feet and under, which are not part of an enclosure surrounding a swimming pool.
 - e. The construction of retaining walls unless such walls support a surcharge or impound Class I, II, IIIA liquids.
 - f. The construction of temporary motion picture, television and theater stage sets and scenery.
 - g. The installation of window awnings supported by an exterior wall of a one- or two-family dwelling or multiple single-family dwellings (townhouses).
 - h. The installation of partitions or movable cases less than 5'9" in height.
 - i. Painting, wallpapering, tiling, carpeting, or other similar finish work.
 - j. The installation of listed PORTABLE electrical, plumbing, heating, ventilation or cooling equipment or appliances.
 - k. The replacement of any equipment provided the replacement does not alter the equipment's listing or render it inconsistent with the equipment's original specifications.
 - l. Ordinary repairs, if such repairs DO NOT involve;
 - a. the removal or cutting away of a load bearing wall, partition, or portion thereof, or of any structural beam or load bearing component.
 - b. the removal or change of any required means of egress, or the rearrangement of parts of a structure in a manner which effects egress.
 - c. the enlargement, alteration, replacement or relocation of any building system.
 - d. the removal from service of all or part of a fire protection system for any period.

However, any construction or repair work not requiring a building permit must nevertheless be done in conformance with the New York State Uniform Fire Prevention and Building Code 19NYCRR, and all other state and local statutes.

**BUILDING PERMIT INFORMATION
(CONTINUED)**

3. Amendments to the application or the plans and specifications accompanying the same may be filed at any time prior to the completion of the work, subject to the approval of the Code Enforcement Official.
4. A building permit shall be effective to authorize the commencing of work in accordance with the application, plans and specifications on which it is based, from the date of the permit issuance, for the period stated from the Fees Schedule for that type of work. For good cause, the Code Enforcement Official may allow a maximum of three (3) extensions for periods not exceeding twelve (12) months each to complete work on the project. All work shall conform to the approved application, plans and specifications. Work shall be substantially completed twelve (12) months after the start of the project.
5. The Code Enforcement Official may revoke a permit where he/she finds:
- a. There has been any false statement or misrepresentations made as to a material fact in the application, plans or specifications.
 - b. That the permit was issued in error and should not have been issued in accordance with the applicable law.
 - c. That the work is not being performed in accordance with the provisions of the applications, plans or specifications.
 - d. The person to whom a permit has been issued fails or refuses to comply with a Stop Work Order.
6. The Code Enforcement Official may issue a Stop Work Order whenever he has reasonable grounds to believe that such work is being performed in an unsafe and dangerous manner, or for any of the reasons stated in #5, or any other legally applicable reason.
7. The Code Enforcement Official and/or his agents may, upon the showing of proper credentials and in the discharge of his duties, enter the property, structure or premises for inspection as provided in the Code or for the investigation of a complaint.
8. A **Certificate of Occupancy** is required upon completion of new home construction.
9. A **Certificate of Compliance** may be required depending upon the nature of the project. The Code Enforcement Official will make such a determination and may require certain tests to furnish said proof of compliance. All electrical work requires a third-party inspection prior to issuance of certificate of compliance or occupancy.

10. Responsibility for obtaining a building permit, any required inspections and any necessary certificates upon completion shall be that of the owner of record.

IF A PERMIT EXPIRES: NO WORK MAY COMMENCE, NO INSPECTIONS WILL OCCURE, NO CERTIFICATE OF OCCUPANCY OR COMPLETION WILL BE ISSUED UNTIL ALL RENEWAL CHARGES ARE PAID UP TO DATE!

I have read and understand the Building Permit Information sheets, page 1 and page 2 and will abide.
