

**“21<sup>st</sup>-century  
skills for  
today’s path  
breakers!”**

**Staying with the times!**

Because the future belongs to those who look towards it!

“The value of a  
21<sup>st</sup>-century  
education”

At **GIIS Bannerghatta**, we believe the most essential skill in the 21<sup>st</sup>-century context is learning new skills!

At GIIS, we ensure seamless technology integration into the curriculum. Our global perspective ensures that our students have a borderless learning experience and they grow to become global citizens. Flip through the pages to read about the skills we emphasise at GIIS!

“Nurturing  
Global  
perspectives”

Global awareness in the classroom involves teaching students about different nations and cultures and their civic duties and rights locally and globally. Understanding, respecting and working well with people from diverse cultures is increasingly important for social and academic success in an interconnected world. This awareness is encouraged by the **global student and teacher exchange programs and virtual sessions** across GIIS schools worldwide.

“Effective  
Communication  
in the  
21<sup>st</sup>-century”

By immersing students in a multilingual environment and providing them with public speaking opportunities through **debates, skits, roleplays & group discussions**, GIIIS ensures that its students learn to express themselves effectively, communicate persuasively and work collaboratively.

“A creative  
approach  
to the  
21<sup>st</sup>-century”

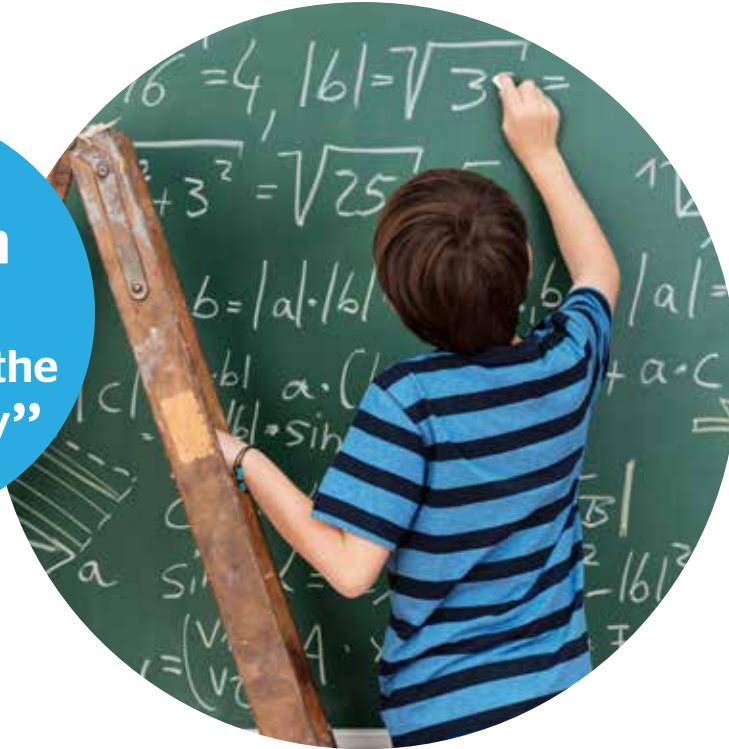

Creativity empowers students to see concepts in a different light. While creativity is often treated like a you-have-it-or-you-don't quality, we believe students can learn to be creative by solving problems or just trying something they haven't tried before. At GIIS, different forms of creativity are encouraged through **story writing, art activities, and theatre.**

“Problem  
Solving  
our way into the  
21<sup>st</sup>-century”

Problem-Solving teaches students how to think, not what to think. The diverse components of this skill address the need for problem-solving within the curriculum for students to prepare effectively for the future. At GIIIS, we guide students towards understanding global issues and the significant aspects of complex situations set in the future. We help them develop these skills with real-life experiences through **high-order thinking questions, creative activities, and research and application-based questions.**

**“Perseverance  
through constant  
changes”**

Succeeding through every challenge can be difficult but very rewarding. Perseverance can help overcome adversity and allow students to thrive in their chosen fields. Individuals who like challenges and look for ways to overcome them and persist until they achieve their objectives are greatly appreciated in every field. At GIIS, we teach our students perseverance with constant positive reinforcement.

**“Collaborating  
for a brighter  
future”**

Being able to collaborate and work well with others is a timeless skill. A collaborator listens to others, considers their ideas, and sees how their own ideas can work with everyone else's. Allowing other people to lead the group can show that you're ready to both lead and follow and that you respect the thoughts and opinions of those around you. Through plenty of opportunities to work alongside their peers, we help our students become great collaborators.

“21<sup>st</sup>-century  
and digital  
literacy”

Strong digital literacy means understanding and adapting to new technologies as they arrive. It can comprise new software, hardware, or even new ways of doing old tasks. With digital literacy, it is easier to progress in a profession, so being open to learning and using new technology can be a great step up to a successful future. Activities like **IT Week** and **Mathematics Week** involve students in learning how to interact with these up-and-coming technologies.

“Making the  
21<sup>st</sup>-century  
dance to  
our tunes!”

**GLOBAL** | **SHEYKHAR**  
**SCHOOLS** | **RAVJIANI**  
SCHOOL OF MUSIC

In the 21<sup>st</sup> century, great emphasis is given to expressive intent, interpretation, and generating musical ideas. At GIIS, we have in-house professional trainers for musical skills - vocal and instrumental- who prepare students for various national and international competitions. One of the most unique facilities we provide our musically inclined students is the **Global Schools – Sheykhhar Ravjiani School of Music**. India’s leading music composer Sheykhhar himself handpicks students across GIIS campuses to take under his wing.

“The rules of  
**Socialising**  
in the  
21<sup>st</sup>-century”

When preparing our student's social skills for the 21<sup>st</sup> century, our goal is to help students learn the vital tools needed to succeed on the playground, in the classroom and, ultimately, at the workplace. We also prevent and correct objectionable kid language and teach kids how to be cordial, respectful and responsible. To encourage the same, we involve kids in activities like **Global Exchange Program, Life skill sessions, and team-building activities/sessions** that teach collaboration, cooperation, empathy, sportsmanship, etc.

“Hitting it out  
of the park in the  
21<sup>st</sup>-century”

The development and evolution of sport has caused its institutionalization. At the same time, the competitive aspect became the main aspect for those who practice as sport and those who watch it. At GIIS, we encourage activity, agility and active participation in sports.

Students are encouraged to pick one sport annually and get professionally trained by in-house coaches. We have unparalleled spaces like a skating rink, the **Chandu Borde Global Cricket Academy** and more.

## “Social Responsibilities in the 21<sup>st</sup>-century”

Social responsibility mainly focuses on taking responsibility for one's actions. We believe it is a promise everyone should make for society while working for social, cultural and ecological causes. These responsibilities are ethically binding and propose that each person acts to minimise the adverse effect on those immediately around them. Our students are involved in community outreach activities like donation drives with **GOONJ** and initiatives like **Gareeb ki Gullak**. They are taught to be sensitive to school maids and community helpers. Our trademark **i-CARE** activities help them to learn how to care for the environment.
