Watchman

VEHICLE RECOGNITION SOFTWARE

Watchman enables accurate automatic license plate and vehicle recognition on any IP, traffic, or surveillance camera. The results are displayed on a web based interface which can be accessed from anywhere. Setup is quick and easy.

“Rekor has become the new standard in LPR technology for Westchester, NY.”

- Lt. Brian Hess
Westchester County, New York PD

Rekor Watchman | Vehicle Recognition Software

rekor.ai
EXPERIENCE STATE-OF-THE-ART LPR
• Recognizes vehicles and license plates in over 70 countries
• Identifies issuing state for all 50 US states, Canada, and Mexico
• Recognizes vehicle color, make, model, and direction of travel
• Extremely accurate from years of machine learning

SAVE MONEY AND VALUABLE TIME
• Reuse existing IP, traffic, and security cameras for LPR
• Significantly more accurate and affordable than legacy OCR solutions
• Quickly search historic data to find matching vehicles
• Enhance efficiency of personnel
• Force multiplier that reduces the frequency of in-person patrols

SECURE ADVANCED INSIGHTS
• Pinpoint high-risk locations with city-wide security and analytics
• Identify unauthorized vehicles on properties of interest
• Monitor vehicle activity entering and exiting locations with safety concerns

LEVERAGE ADVANCED BACK-OFFICE
• Customizable alerts (hotlists, NCIC, AMBER alerts, Silver alerts, and more)
• Multiple user accounts with different access roles
• Image verification to confirm license plate and vehicle results
• Review high-quality video clip of vehicle detection
• Searchable database and historical graphs
• Available both on-premises and in the cloud
• Software runs seamlessly on existing systems
• Access historical vehicle data to accelerate investigations

MAXIMIZE PERFORMANCE
• Real-time alerts sent the moment a vehicle of interest is detected
• Process multiple camera feeds at once for virtual geofence around your city
• Distribute processing across multiple servers for large-scale deployments

Watchman
$49 PER MONTH COMMERCIAL
• Retrieve plate, color, make/model
• Unlimited users for dashboard
• Unlimited plates on alertable hotlist
• Flexible data retention
