

AASLD November 13-16, 2020

The Liver Meeting[®]

Digital *Experience*

Program at a Glance

Welcome to The Liver Meeting Digital Experience™

The Liver Meeting Digital Experience™ (TLMdX) is an online forum for the exchange of groundbreaking ideas and findings in basic, translational, and clinical research in diseases of the liver and biliary tract, and in liver transplantation. We have designed a showcase for the presentation and interchange of information and opinions on state-of-the-art care and management of the full spectrum of patients with liver disease.

What the Digital Experience Has To Offer

Below is a brief guide to the robust educational offerings you will find at TLMdX, including a preliminary schedule to help you make the most out of your attendance.

Educational Content

From the cornerstone AASLD Postgraduate Course to the highly attended state-of-the-art presentations, TLMdX includes a variety of educational offerings that will provide healthcare professionals worldwide with new and innovative tools to effectively diagnose and manage liver disorders.

Flipped Learning Courses

One week before the meeting, dive into these programs that highlight the latest advances in research in various fields. During the meeting you will have an opportunity to participate in a Q&A with speakers who are experts in their field.

Oral Abstract Content

These presentations highlight the latest research in the field, covering basic, clinical, and translational research findings by topic. These not-to-be missed sessions include plenary, parallel, and late-breaking abstract sessions.

Special Interest Group (SIG) Programming

Programs sponsored throughout the meeting by our 16 SIGs focus on highly specialized topics in hepatology.

PROGRAM AT A GLANCE

Friday, November 13	
Time (ET)	Sessions
10:00 – 10:30 am	<p>Hans Popper Basic Science State-of-the-Art Lecture: <i>Modeling Development and Cancer Using Liver and Biliary Organoids</i></p> <p>Thomas E. Starzl Transplant Surgery State-of-the-Art Lecture: <i>Living Donor Transplantation: The Promise and Lessons Learned</i></p>
10:30 am – noon	<p>AASLD/NASPGHAN Pediatric Symposium: <i>Medical and Ethical Dilemmas of Patient and Organ Selection for Liver Transplantation</i></p> <p>Special Interest Group (SIG) Programming</p> <ul style="list-style-type: none"> – Common Problems in Clinical Hepatology Practice <i>Clinical Practice SIG</i> – HBV: Current Management Controversies and the Road to a Cure <i>Hepatitis B SIG</i> – Hot Topics in the Pathogenesis and Treatment of Liver Cancer (HCC and iCCA) <i>Hepatobiliary Neoplasia SIG & Liver Transplantation and Surgery SIG</i> <p>[Part 1]</p> <ul style="list-style-type: none"> – The Basic Mechanisms of Hepatotoxicity and Their Clinical Implications <i>Hepatotoxicity SIG</i> – Clinical Management of NASH in 2020 <i>Nonalcoholic Fatty Liver Disease SIG</i>

Friday, November 13

Time (ET)	Sessions
2:00 – 3:30 pm	<p>Career Development Workshop</p> <p>Special Interest Group (SIG) Programming</p> <ul style="list-style-type: none"> – Emerging Therapies and Current Clinical Trials for Alcoholic Hepatitis <i>Alcohol-associated Liver Disease SIG</i> – Paving the Road to Hepatitis C Elimination <i>Hepatitis C SIG</i> – Hot Topics in the Pathogenesis and Treatment of Liver Cancer (HCC and ICCA) <i>Hepatobiliary Neoplasia SIG & Liver Transplantation and Surgery SIG</i> <p>[Part 2]</p> <ul style="list-style-type: none"> – NASH Fibrosis: From Matrix to Medicine <i>Liver Fibrosis SIG</i> – Controversies in the Diagnosis and Management of Non-cirrhotic Portal Hypertension in Children and Adults <i>Pediatric Liver Disorders SIG & Portal Hypertension SIG</i> <p>[Part 1]</p>
5:30 – 7:00 pm	<p>Special Interest Group (SIG) Programming</p> <ul style="list-style-type: none"> – The Changing Role of Transplant in Acute on Chronic Liver Failure <i>Acute on Chronic Liver Failure SIG</i> – New Frontiers in PSC <i>Cholestatic and Autoimmune Liver Diseases SIG</i> – Cellular Senescence in Liver Disease and Aging <i>Liver Cell Biology in Hepatic Diseases SIG</i> – Controversies in the Diagnosis and Management of Non-cirrhotic Portal Hypertension in Children and Adults <i>Pediatric Liver Disorders SIG & Portal Hypertension SIG</i> <p>[Part 2]</p> <ul style="list-style-type: none"> – Patient-centered Care: An Evolving Paradigm for Chronic Liver Diseases <i>Public Health/Health Care Delivery SIG</i>

Saturday, November 14

Time (ET)	Sessions
Flipped Learning Course	Postgraduate Course: <i>Paradigm Shifts in Hepatology: Rethinking Conventional Wisdom</i>
9:00 – 10:30 am	<p>AASLD/Japan Society of Hepatology Joint Symposium: <i>Lean NAFLD</i> New!</p> <p>Emerging Trends Symposium: <i>Artificial Intelligence (AI) in Hepatology</i></p> <p>Special Interest Group (SIG) Programming</p> <ul style="list-style-type: none"> – Interdisciplinary Approach to Managing Metabolic Syndrome in NAFLD/NASH Patients <i>Hepatology Associates SIG</i> <p>Liver Transplant Plenary</p>
9:00 am – noon	<p>Basic Science Symposium: <i>Mechanisms of Alcohol-associated Liver Disease: Molecular, Cellular, and Systemic Cross-talk</i> [Part 1]</p>
10:30 am – noon	<p>Clinical Research Workshop: <i>Research Methodologies Using Alcohol-associated Liver Disease as a Model</i></p> <p>Global Symposium: <i>Global Elimination of Hepatitis C: From Ideas to Action</i></p> <p>Hepatology Associates Course: <i>Bridging the Gap: All Hands on Deck</i> [Part 1]</p> <p>Transplant Surgery Workshop</p>

Saturday, November 14

Time (ET)	Sessions
2:00 – 3:30 pm	COVID-19 and the Liver Symposia New! Hepatology Associates Course: Bridging the Gap: <i>All Hands on Deck</i> [Part 2] Parallel Sessions
2:00 – 4:30 pm	Basic Science Symposium: Mechanisms of Alcohol-associated Liver Disease: Molecular, Cellular, and Systemic Cross-talk [Part 2]
4:30 – 5:30 pm	Audience Q&A Basic Science Symposium Audience Q&A Postgraduate Course
5:30 – 7:00 pm	Parallel Sessions

Sunday, November 15	
Time (ET)	Sessions
9:00 – 10:30 am	Presidential Plenary: <i>Clinical</i>
9:00 am – noon	Basic Research Workshop: <i>The Gut Microbiota: From Descriptive Studies to Targets of Therapy</i>
10:30 am – noon	Diversity Workshop: <i>Methodologies in Liver Health Disparities Research</i> Parallel Sessions Practice Guidelines Workshop: <i>New AASLD Guidelines: A Summary of New Recommendations for Autoimmune Hepatitis, Women's Reproductive Health, Ascites, and KIC and Vascular Disorders of the Liver</i>
2:00 – 3:30 pm	AASLD/EASL Joint Symposium: <i>Steatohepatitis in Fatty Liver Disease: In Europe and the U.S.</i> NIH Corner Parallel Sessions Women's Health Program: <i>Evolving Management of Liver Disease in Pregnancy</i>
5:30 – 7:00 pm	General Hepatology Update Late-breaking Oral Abstract Session 1 Parallel Sessions

Monday, November 16	
Time (ET)	Sessions
9:00 – 10:30 am	Parallel Sessions Presidential Plenary: <i>Basic/Translational</i>
10:30 – 11:00 am	Hyman J. Zimmerman Hepatotoxicity State-of-the-Art Lecture: <i>Hepatotoxicity From Checkpoint Inhibitors, and Biologicals, Small Molecules</i>
10:30 am – noon	Parallel Sessions
11:30 am – noon	Leon Schiff State-of-the-Art Lecture: <i>Using Innovation To Personalize the Care of Patients With PSC</i>
2:00 – 3:30 pm	Late-breaking Oral Abstract Session 2 Parallel Sessions

AASLD November 13-16, 2020 The Liver Meeting®
