

MEET UPS

THIS WEEK'S PRACTICE...

CATCH UP

Have you been contacting others in the church to see how they are getting on with building altars and encouraging each other?

TODAY

- Put away your phones or any other distractions, and get into a comfortable, but alert position.
- Invite Holy Spirit to come...
- Spend two minutes in silence asking God to stir you and speak to you about anything he wants...

Talk through if you have personally responded to the word from God to the church to build altars.

Is there is any opposition to you responding? Spend a few minutes asking the Holy Spirit to highlight any lies you may be believing, or any disobedience to God's voice.

Repent about this.

Then find God's truth to replace the lie in the Bible, if you need help finding a verse ring someone and ask for encouragement.

WEEKLY PRACTICE

Choose each day to read out loud the truth you have written down to renew your mind with God's truth.
