sherry@platinumed.com

Description:
Platinum Educational Group is a global leader in online testing, tracking, scheduling, and reporting. Our areas of focus include the Emergency Medical Services, Allied Health, and Nursing industries. Since 2002, we have provided valid and reliable online testing with EMSTesting for the EMS profession. In 2016, we launched Platinum Tests to provide testing for Registered Nursing educational institutions. Platinum Planner, our scheduling software program includes the EMS, Nursing, and all Allied Health industries. In 2019, we designed AccredAssist® to help college program directors organize and manage the information necessary for accreditation reporting.

cara@trajecsys.com

Description:
Trajecsys (http://www.trajecsys.com) is the leading provider of Centralized Clinical Recordkeeping™ to Allied Health and Nursing programs. Trajecsys was founded in 2005 by two educators who designed an online web-based system to manage clinical recordkeeping for university and college Deans, Program Directors, Faculty, Clinical Education Staff, and Students. Our web-based, mobile-friendly technology allows students to manage their skills and activities, track clinical hours, and manage assessments/evaluations in the palm of their hands on their mobile device. Trajecsys provides programs the ability to quickly generate custom reports with one click from anywhere. Trajecsys has set up over 2,500 programs in over 70 modalities, including diverse program in specialties such nursing (CNA, ADN, VN, PN, RN, BSN, MSN), radiography, sonography, ultrasound, medical lab, medical assisting, respiratory care, surgical technology, veterinary care, dental assistant, physical therapy assistant, and more including trades such as cosmetology, etc.

We’re happy to set aside time to meet one-on-one if you prefer. Email cara@trajecsys.com to set up a time convenient for you.

Description:
Created by educators for educators, Weave’s accreditation software is uniquely designed for institutional effectiveness and empowers higher education leaders to prepare for their institutional and programmatic accreditations. Weave helps institutions, programs, and accrediting bodies by simplifying the process for both institutional and programmatic effectiveness, including accreditation, assessment, curriculum mapping, faculty credentials management, strategic planning, and program review. Weave provides a centralized system for managing higher education assessment and accreditation that enables collaboration and helps create a campus-wide culture of continuous improvement.
