**Trajecsys Description:**

Trajecsys works with thousands of universities and colleges nationwide to provide best in class Centralized Clinical Recordkeeping™. Trajecsys has been working with allied health and nursing programs for over 18 years, helping programs easily track program outcomes and simplify their documentation and accreditation reporting. Stop by our booth and learn about our SPE Tracker™ (patent pending) and ask see we can assist your program leaders and learn how we can help support your institutional allied health and nursing programs by centralizing all time and attendance (GPS) and experiential learning activities tracking, including skills, competencies, checkoffs, surveys and evaluations, reporting, and much more.
Weave has generously sponsored the Accreditation Workshop Nametags!

Weave Description:
Created by educators for educators, Weave’s accreditation software is uniquely designed for institutional effectiveness and empowers higher education leaders to prepare for their institutional and programmatic accreditations. Weave helps institutions, programs, and accrediting bodies by simplifying the process for both institutional and programmatic effectiveness, including accreditation, assessment, curriculum mapping, faculty credentials management, strategic planning, and program review. Weave provides a centralized system for managing higher education assessment and accreditation that enables collaboration and helps create a campus-wide culture of continuous improvement.

Platinum Educational Group has generously sponsored the Accreditation Workshop Tote bags!
Platinum Educational Group Description:
Platinum Educational Group is a global leader in online testing, tracking, scheduling, and reporting. Our areas of focus include the Emergency Medical Services, Allied Health, and Nursing industries. Since 2002, we have provided valid and reliable online testing with EMSTesting for the EMS profession. In 2016, we launched Platinum Tests to provide testing for Registered Nursing educational institutions. Platinum Planner, our scheduling software program includes the EMS, Nursing, and all Allied Health industries. In 2019, we designed AccredAssist® to help college program directors organize and manage the information necessary for accreditation reporting.

Our systems are designed to bring students, teachers, schools and clinical sites together to meet accreditation standards, provide reliable tracking and documentation, which will ultimately improve the quality of care for people globally.
