

Commission on Accreditation of Allied Health Education Programs

CAAHEP Fee Schedule

CAAHEP assesses dues and fees that are necessary and reasonable. All fees are approved by the CAAHEP Board of Directors and published on the CAAHEP website before the fee changes' effective date.

Program Accreditation Fee

Each CAAHEP accredited program is assessed an annual Accredited Program Fee set by the Board of Directors. The Accredited Program Fee is based on the number of CAAHEP accredited programs at a program sponsor location (campus).

No. of CAAHEP Accredited Programs at Sponsor location (campus)	Per program Fee
1	\$600
2	\$500
3	\$350
4	\$250
5 or more	\$200

Programs reviewed under different CAAHEP Standards are counted as unique programs. Programs with multiple learning concentrations or award levels for the same profession (defined as being evaluated under the same CAAHEP Standards) will be considered one program and assessed one Accredited Program Fee. Satellites or alternate locations are not billed a CAAHEP Accredited Program Fee.

For example, a Diagnostic Medical Sonography program with multiple learning concentrations at the same campus will be counted as a single DMS program for assessment of the CAAHEP Program Accreditation Fee.

International Fees

International Eligibility Review Application Fee

Programs in Canada	\$500*
Programs outside the US and Canada	\$1500*

Site Visit Coordination Fee

Programs outside the US and Canada	\$1500*
------------------------------------	---------
