

Sustainability Declarations

Overview	<p>Here at Sonus we work hard to provide you products that contribute to your sustainable certified projects.</p> <p>We develop products that are beautifully constructed, solve for sound challenges, and are environmentally responsible. We continue to evolve our program and on-going work to be more sustainable for all of us.</p> <p>Our fabric and wood products contain up to 65% pre-consumer and up to 100% post consumer recycled content. Our felt products contain up to 60% pre-consumer content. Not to mention the wood veneer used on our wood products is FSC certified!</p>
Materials	<ul style="list-style-type: none"> • 12mm Polyester Felt (PET) - Recycled Content: 60%; 100% recyclable • Fabrics - Recycled content: up to 100% post consumer • Wood Veneer - sustainably sourced (FSC Certified) <div>    </div>
