## A message from the Headmaster

Congratulations to all our pupils on a fantastic set of GCSE results. Achieved in the context of the deepest crisis to hit education since the Second World War, the outcomes are quite phenomenal:

54% of all grades were pitched at 7-9, whilst 87% were at 5-9. Of particular note are the 17 pupils (just under 10% of the cohort) who achieved 7 or more Grade 9s in their subjects. Six of these pupils gained a clean sweep of Grade 9s for all their GCSEs. The depth of achievement is especially impressive with over 50% of the cohort gaining 5 Grade 7s and above.

Well done and thanks to all – pupils, parents and staff - on showing such patience, tenacity and innovation across a 2 year course that had been severely blighted by the pandemic. We wish you all the very best as you progress to the next stage of your education. If you are continuing with us, then we very much look forward to seeing you in September; if you are seeking out pastures new, then we wish you all the very best and hope that you will stay in touch.
