

# CAMOR<sup>®</sup>

Risk & Security Solutions

**OSPA FINALIST 2022**  
**Best New Security Product**

**GSAT For Aviation**

**CAMOR Ltd** are a specialist security company specialising in Aviation Security. With our team of security experts, all of whom come from a UK Counter Terrorism background, we offer risk and security solutions that are threat informed, vulnerability focused, and impact driven. We are a Scottish Qualifications Authority (SQA) approved training centre. We offer academic qualifications and learning courses that are state of the art, digital, interactive and current.

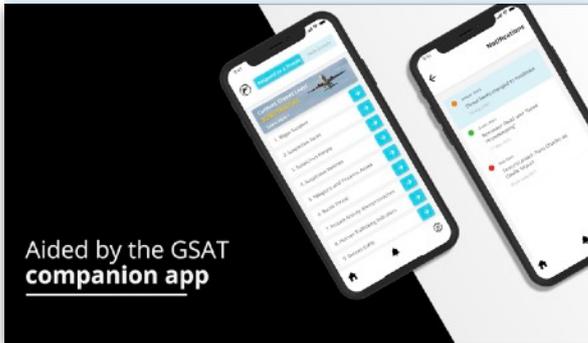

**General Security Awareness Training (GSAT)** is designed for staff working in the aviation industry and must be completed as a requirement of the UK's Department for Transport (DfT) and EU regulation. CAMOR's GSAT training focuses on learning through an immersive online platform, providing visualisation and interaction for different scenarios and incidents using computer gamification technology. This allows individuals to consider and practice decision-making processes, responses and actions, utilising real-world visualisations and experience of operational scenarios/incidents.

## Course Content

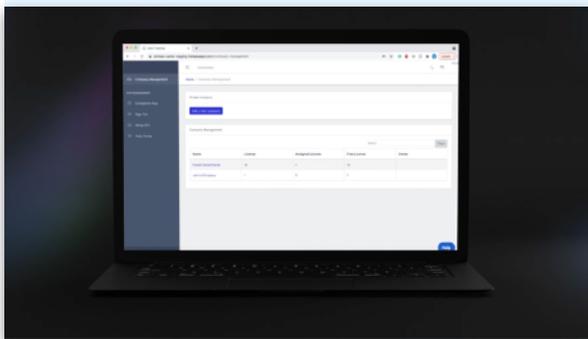

-  **MODULE 1 - The Threat to Aviation**  
Unit aim: To ensure the trainees know the threat to the aviation industry.
-  **MODULE 2 – Security in the Aviation Industry**  
Unit aim: To give trainees a basic understanding of the organisation of aviation security and the role they play to contribute to security.
-  **MODULE 3 – The Trainee's Role**  
Unit aim: To explain what the trainee **MUST** do to support a robust and resilient aviation security culture.
-  **MODULE 4 – Access Control and the Screening Point**  
Unit aim: To give trainees a basic understanding of the security procedures applied on entry to the SRA/CPSRA.
-  **MODULE 5 – Escorting Employment and/or Visitor Passholders**  
Unit Aim: To ensure the trainee understands their responsibilities for escorting employment and/or visitor pass holders (the escortees).

## Training app and Companion app

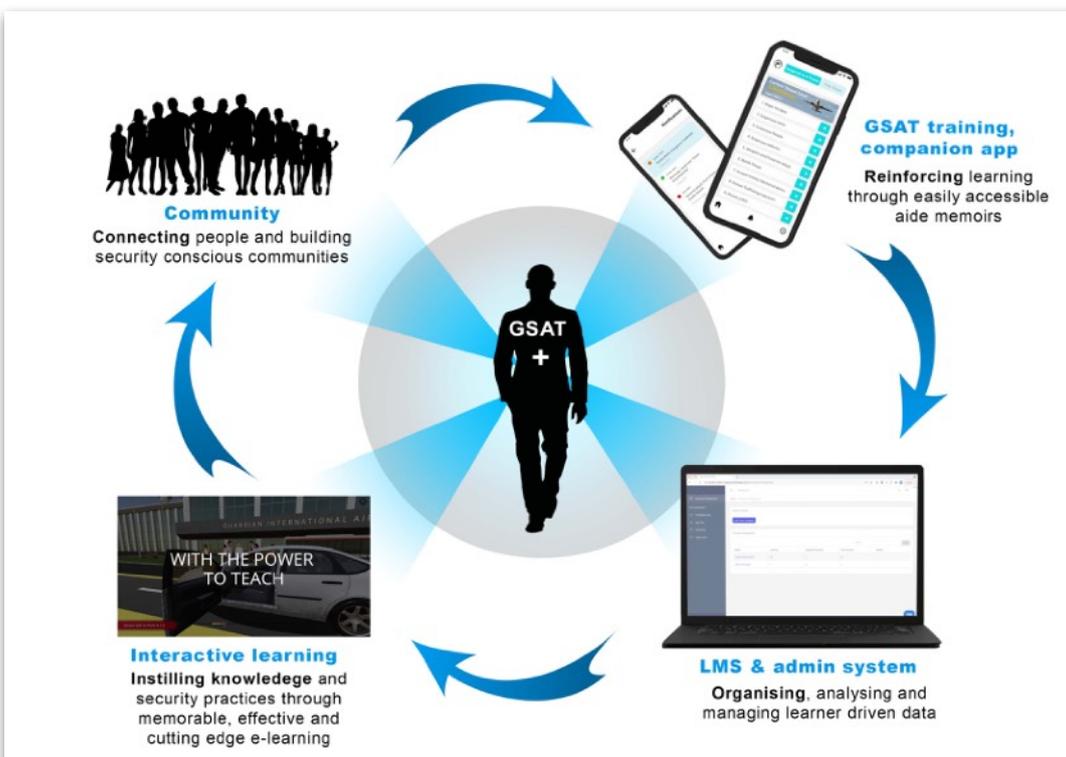

Our GSAT training app, companion app and Learning Management System (LMS) work together to give you the tools to track training profiles across a workforce, & provide instant updates to staff on security incidents and threats. The portable training 'companion' APP; is accessible on any mobile device and will support and reinforce training with 'aide memoirs and checklist' and advice at any 'moment of need'. This includes push notifications to alert staff of 'routine', 'be aware' or 'urgent' issues.

Ensure that your organisation is continuously updated on relevant threats, help staff members deal with emergency situations by easily accessing relevant information and instructions directly from their mobile devices. The CAMOR GSAT app is downloadable from the Google play and Apple iTunes stores, and users registered with your organisation on the CAMOR LMS will be able to log into the app and receive notifications you choose to send them and moment of need information which could save lives.

CAMOR's uniquely designed for purpose, state of the art LMS provides a tool to monitor and audit training, ensuring compliance with CAA requirements. It effortlessly allows clients to track and budget for when users are required to complete their refresher training and users can easily be added or removed from the system in bulk or on an individual basis. Data and reports can also be generated from the LMS allowing managers to easily incorporate information into management or audit reports.

## GSAT PLUS +

CAMOR's GSAT product is a multifaceted, security training solution that contributes to a stronger security culture within your organisation through integrated systems. It's so much more than just training, it is experiential, immersive, community focussed and intelligent.
