

5 WAYS TITHELY CAN HELP YOUR CHURCH

Reach its Mission

01

GROW ONLINE GIVING

Tithe.ly Giving makes it simple for people to give to your church and track all contributions in one convenient place. And, unlike most online giving platforms, Tithe.ly doesn't have a monthly subscription cost. The only cost is the standard transaction fees and your donors can even choose to cover those fees when they give. On average, churches using Tithe.ly see 40%-70% of donors cover the transaction fees, making the cost for your church to offer online giving nearly \$0!

02

CONNECT WITH MEMBERS & GUESTS

Connecting with your church members and first-time guests outside of weekend services is incredibly important.

Tithe.ly Messaging makes it simple to reach out and maintain relationships via email and two-way text messages. Additionally, you can set up automated follow-up messages to ensure no one falls through the cracks.

03

BUILD AN ONLINE COMMUNITY (WITHOUT THE HASSLE)

Tithe.ly makes it easy to reach and engage people no matter where they are.

Our website and mobile app tools are built specifically for churches, and come integrated with features churches need most, like online giving, livestream embedding, push notifications, sermon player, small group management, and so much more.

04

MAKE ADMIN SIMPLE AND SMOOTH

Church administrators juggle a lot. Tithe.ly's church management tools make admin work more seamless by simplifying the work of managing your contact database, automating administrative tasks, planning your worship services, and keeping everyone on the same page.

Healthy administration lays the groundwork for your church's mission and vision.
