VRA Canada 2021 Virtual Conference

Conference Presentation Proposal Form

The 2021 Conference Planning Committee is pleased to invite vocational rehabilitation professionals, members of academia, students, and other potential presenters to submit a proposal for presentations that will contribute to our conference theme.

The conference will be held on a virtual conference platform.

This year's conference theme is Reconnect : Reignite

This year's theme focuses on the effects of the pandemic on ourselves, our clients, our businesses and how we engage with the world. There will be two tracks: one track for sessions that will give vocational rehabilitation professionals the tools they need to be the best they can be; the second track will focus on building skills such as marketing, managing your own business, and facing pandemic issues head-on.

The Conference Planning Committee invites interactive and engaging presentations that are anywhere from 1 – 1.5 hours long.

To submit a proposal, complete the attached form and return it to conference@vracanada.com by 5:00 pm ET June 30, 2021.
