

24/7 GP HELPLINE

PEACE OF MIND ABOUT YOUR HEALTH WITH ACCESS TO A 24/7 GP HELPLINE

OVERVIEW

Waiting for an appointment with your GP can be incredibly stressful, especially when you have to fit it around busy schedules. But there is a solution.

The 24/7 GP helpline provides you with round the clock access to a qualified GP via a telephone helpline where GPs can provide advice, reassurance or guidance on a wealth of medical matters, at a time that suits you.

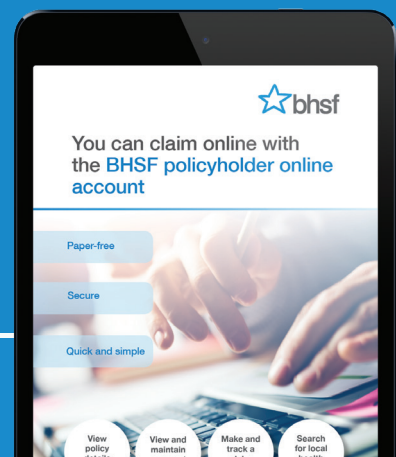

You can also book in virtual face-to-face consultations with a GP, to get a more in-depth and specific diagnosis in the comfort of their own home or while at work. An electronic private prescription service is also available, authorised by a doctor and delivered directly to you.

KEY FEATURES

- 24/7 access to a team of 200 UK-based, NHS registered, practicing GPs
- You can be on the phone as long as you like
- Online face-to-face eConsultation service available 08:30 – 22:30
- No limit to the number of times you can use the service
- Online chat feature also available
- Electronic Private prescription service
- Health information service
- Your children and partners also get access

HOW IT WORKS

- 1 You can access the helpline and speak to an NHS-registered GP by joining Orbital Rewards.
- 2 You will be able to discuss your medical concerns and receive professional advice and assurance.
- 3 Through the helpline, you can also book virtual face-to-face consultations and access the online private prescription service.
