

Transition Program Online Admissions Verification Policy

1. Purpose

OpenLearning is committed to delivering a high standard of education and training to all Transition Program Online students.

The purpose of this policy is to ensure that the Transition Program Online team has appropriate processes in place to determine whether or not a Prospective Student meets the requirements for entry into the Transition Program Online. This includes ensuring the authenticity of academic transcripts, certificates of attainment, and any other documents submitted as part of the admissions process.

Please note that this Policy has been prepared and will be maintained by OpenLearning as the deliverer of the Transition Program Online. This is not a UNSW College or UNSW policy.

2. Scope

This policy applies to:

- (a) All prospective students seeking to enrol in the Transition Program Online; and,
- (b) OpenLearning staff involved in the promotion, recruitment, admission, delivery, management or administration of students.

3. Definitions

Back-to-source verification means verifying the authenticity of documents by obtaining confirmation from the issuing authority (this could be a school, university, private education provider and/or an institution such as a bank) that the document is genuine and that the details contained in the document are correct.

4. Policy Statement

OpenLearning is committed to ensuring the integrity of its admissions processes and, to do so, OpenLearning carries out the checks set out in this section 4 in relation to the application process.

4.1. Back-to-source verification of Applications

Student Admissions and Support Advocates will randomly select a minimum of five (5) "Enrolled" applications each Intake for back-to-source verification. The aim is to select applications submitted from a variety of countries and education agents.

To start the academic verification process, a Transition Program Online Request for Academic Transcript Verification Letter will be sent from a Student Admissions and Support Advocate to the issuing institution, to verify the details of the academic transcript. Any response on the verification will be recorded on the student file.

4.2. Suspicious or questionable applications

In addition to the back-to-source verification checks outlined in 4.1. above, where an application appears suspicious or does not appear to be genuine, this will be reported to the Head of Customer Success, who will determine what additional checks will be carried out.

A review of the decision will be undertaken by the Academic Director, Australia. The Prospective Student will be notified in writing of the outcome of the review within 10 business days of lodgement of the appeal.
