Spring Harbor holidays are filled with joy, blessings and friends galore! Rosie Rakocy is filled with joy all year long and loves celebrating with others! Here she is showing off a Christmas gift from a dear friend!

Welcome Home New Residents:
 Dave & Sue Halmrast
 Villa #11

Wishing you and yours health and happiness in the new year

The residents who serve on the Spring Harbor Foundation Board can't thank you enough for your support this past year. We look forward to another great year and continuing to attain the Foundation's primary goal which is to enhance the Spring Harbor living experience for all of you.

To all Spring Harbor residents who took the time to donate to the Annual Employee Holiday Fund:

On behalf of each employee at Spring Harbor, we **THANK YOU**, from the bottom of our hearts! The money that you gave, made such an impact on so many lives, and was a Christmas Blessing to many! Thank you for being kind, warm and generous. It is truly our pleasure to work at such a wonderful place and to be a part of your daily lives.

Employee of The Month: Rachel Parker
Registered Nurse, Wellness Center-15 years with us!

From Rachel: What I enjoy the most about SH are the relationships that are formed over time with the residents and their families. It becomes like your extended family. I love being able to see the same people everyday. It makes things easier for me as a nurse but it is also very rewarding to see the outcome of each situation and know that you were able to make a difference to that person. The residents always make sure I feel appreciated.

I also have some pretty awesome coworkers, in all departments, who are not afraid of teamwork!

I was born in Columbus and now live in Opelika. I met my husband when we were in high school and we have 2 children. Abbi is 19 and Jaxon is 14. We have 2 Boykin Spaniels and a daughter with a heart for stray cats, so we now have 3!

In my spare time, I love to spend time with family, shopping and watching football!

McDougall's Message

Executive Director
Shane McDougall

I would like to ask that everyone at Spring Harbor continue to practice safe Covid guidelines:

- Wash your hands frequently.
- Maintain 6 feet distance with others at all times.
- Avoid touching your face.
- Stay home if you feel unwell.
- Get tested if you have any symptoms. Inform our Administration if you get tested outside our Wellness Clinic and you test positive. If you are positive, you must isolate to keep others safe.
- Stay home unless it's very necessary that you go out. Avoid unnecessary travel.
- We are asking, not requiring, that you please wear a mask to help prevent the spread of this virus. If you have any symptoms or questions, please call our Healthcare Wellness Nurse or the Wellness Clinic.

Our main goal is to keep you safe and healthy!

Apple Watch Saves Resident

Joyce Fingerhut recently had a bad fall in her apartment and was on the floor, without her cell phone and NOT near a pull chain to call for help. She had recently received an Apple Watch from her family and was wearing it at the time she fell. She noticed that it had SOS on it after she fell. So she pressed the SOS button and 2 ladies appeared out of no where on her watch speaker and said "we noticed you had a fall, would you like us to call 911 for you?" WOW she thought!, as she laid there on the floor covered with broken glass and a dresser lying on her legs! She spoke into her watch and said she thought she was ok, but to call the Concierge desk and send someone up to her apartment. The watch also sent a text message to her son that read: we have detected a fall alert on your mother's cell phone. So he immediately called her and she was able to communicate with him through the watch on her wrist! That watch saved her life! We also discovered, that if Joyce had NOT responded to the two ladies that were speaking to her, they would have assumed she was unconscious from the fall and they would have called 911 for her! This story is amazing, so we "Googled" it and found some basic information you may be interested in:

How Does Apple Watch Fall Detection Work? Apple Watch Fall Detection uses the Apple Watch SE or Apple Watch Series 4 or later series, which requires a synced iPhone, to detect a fall while the watch is being worn. This feature is included once you purchase an Apple Watch, so you don't have to pay extra for it.

If it detects a fall, it will "tap" the person on the wrist with a buzz, sound an alarm and show an alert. The person can then choose to connect to emergency services or dismiss the alert by pressing the "digital crown" button on the side of the watch. Users can also tap to close the alert or tap "I'm OK" to dismiss the alert.

If the Apple Watch senses the person is moving, it will wait for them to respond. However, if the person appears to be immobile for approximately 60 seconds, the Apple Watch starts a 30-second countdown while it taps them on the wrist and sounds an alert. The alert gets progressively louder so that either the user or someone near them can hear it. Unless someone taps the cancel button, the watch will contact emergency services automatically as soon as the countdown ends. It will share the person's current location as latitude and longitude coordinates via Apple's GPS location monitoring feature. Once the call is completed, the watch also sends a message to the persons emergency contacts such as their family members.

Happy New Year!

For most of us this is a wonderful time of year. We celebrate the closing of one year and the beginning of another - full of life, happiness, and hopefulness. Someone once said, 'hope springs eternal,' and I believe that is especially true this time of year. Expectations are high and I believe we all look for the best in life at the start of a new year.

Over the holidays I saw many things that gave me much hope for the future. Family and friends provided special memories full of fun, laughter, and reflection. I am very fortunate and thankful.

But I must admit, the most fulfillment I experienced over the holidays was the day our Spring Harbor employees received their bonuses. There were smiles, rejoicing, expressions of appreciation, and tears of joy. The cumulative happiness of that day cannot be overstated. There were few dry eyes as we listened to the employees expressing their gratitude. And in the days after distribution I have heard from several employees sharing that we had no idea what the bonuses meant to them, being able to pay car insurance, able to buy gifts for family, able to have a real Christmas dinner, and able to help elderly parents. These were only a few of the employee comments. It is incredible that we were able to bring so much delight and peace of mind to others.

We should all feel better knowing that our contributions to the Employee Gift Fund did so much good for so many. I hope it makes your smile a little bigger. As you consider the massive impact of our efforts, please commit to participating in the 2023 Employee Gift Fund. It is not too early to begin, and the satisfaction you gain from helping others will make your 2023 even brighter.

Your Resident Council is looking forward to working with you, Shane, and his management team. Buckle up, hold on, and get ready. 2023 is going to be a terrific year.

Medical Director of Pediatric Surgery Named

Renowned pediatric surgeon, researcher and medical educator **Don Nakayama, M.D., MBA**, has been named Medical Director of Pediatric Surgery for Piedmont Columbus Regional as well as Senior Associate Dean at Mercer University School of Medicine's Columbus Campus. Dr. Nakayama comes from University of North Carolina at Chapel Hill, where he was most recently a clinical professor in the Department of Surgery. He will practice at our Midtown Campus, where he will help support development of pediatric specialty services.

Piedmont Earns Highest Leapfrog Grades in Columbus

The Northside Campus earned another 'A' and the Midtown Campus holds at 'B' grade in the release of the Fall 2022 Leapfrog grades. This is the ninth-consecutive 'A' grade dating back to fall 2018 (when Northside was first eligible) and the second-consecutive 'B' grade for the Midtown Campus. This impressive feat recognizes our efforts in protecting patients and Piedmont's promise of doing zero harm and providing safer health care. The Leapfrog Group is a national nonprofit organization committed to improving healthcare quality and safety. The Safety Grade assigns an A, B, C, D, or F grade to hospitals across the country based on their performance in preventing medical errors, injuries, accidents, infections, and other harms to patients in their care. To see Piedmont Columbus Regional's full grade details and how other area hospitals stacked up, visit hospital-safetygrade.org.

Employee Featured in Mural

A mural called Hope, Healing, and Community is now up in front of the Ronald McDonald House and across from the John B. Amos Cancer Center. Six local people are portrayed in the mural including Piedmont

Columbus Regional critical care physician **"GK" Gurkeerat Singh, M.D.** The mural was commissioned in hopes of beautifully reflecting the voices and hopes of the people in our diverse community.

DID YOU KNOW THAT SPRING HARBOR HAS A CAREGIVER SUPPORT GROUP??

Hello all! I am Sarah Croft and I am the Social Services Coordinator here at Spring Harbor. One of the most exciting parts of my job is working with the Caregiver Support Group which meets the third Monday of each month at 10:00am in the 3rd floor Conference Room, just past the card room.

How do you know if this group is for you????

There are so many opportunities here at Spring Harbor for social interactions, but if you are the caregiver for your spouse or significant other, you may need a specific group to help you through the difficult times. This group is designed to provide regular support, friendship, sharing of common experiences and struggles through the difficult journey of caregiving. I have had the opportunity to meet with this special group of individuals for the past six and a half years. We have individuals who are at different points in their journey of caregiving....some are just beginning, some have been at it for awhile, and others are long time veterans of caregiving who have a lot of love, patience and empathy to share. We would love for you to join our group if you are in the role of PRIMARY CAREGIVER for your loved one. We do reserve this group for family members who are living at Spring Harbor so that a special bond can develop to provide support to each other.

Please consider joining us for our first meeting of 2023 on **Monday, January 16, 2023 at 10:00 AM** in the 3rd floor Conference Room!! If you need any further information, please call me at (706) 576-6037.

THANK YOU RESIDENTS!**

On Top of the World

by Jeannie Puckett

On May 20, 2022, Todd Ammerman (son of Bob & Brenda) summited Mt. Everest, the highest peak on earth (29,032'). Weeks later Todd shared his experience with our Spring Harbor residents in a presentation in the Event Center. As he spoke, Jeannie Puckett walked to the front of the room, snapped a picture of an Everest image, and later committed her vision to canvas. Jeannie says Todd's courage and determination inspired her creation. She titled it "On Top of the World" and it is magnificent! Janette, Todd's wife, purchased the painting and presented it to him as a surprise gift.

Todd describes the expedition as spiritual as well as physical. As he trekked for eleven days through mountain villages to Everest base camp, he developed an appreciation of the Nepal people - their simple lifestyle, their kindness and generosity. Along the way, the team stopped at Buddhist temples where the monks offered blessings for safe passage and a successful summit. They were given religious symbols and colorful scarves to symbolize God's guidance. Jeannie describes herself as a spiritual person. She believes the scarves represented a positive omen for a successful expedition and a safe return to Janette and his family. Jeannie depicts colorful scarves in her artistry.

In early December, Bob and Brenda hosted a dinner party at Spring Harbor for Todd, Janette, Ralph, Jeannie, and Puckett's granddaughter Martha Lane. The painting was presented to Todd as a beautiful representation of an

extraordinary accomplishment. The Ammerman family is very appreciative of Jeannie's talent and vision. The painting will be prominent in Todd and Janette's home. Todd's next expedition will be to Antarctica in December 2023. He promises another presentation to Spring Harbor residents upon his return.

was a precious one!

A special note from Pat in Resident Services: I must say, these photos DO NOT do these trees justice! Every tree I photographed was more beautiful in person. Anne Wilson's tree had ornaments from when she was a school teacher and she and her students made hand crafted ornaments! Melba Spurlock's tree included an ornament that her late son made when he was 7 years old! Sandra Halouska's tree, oh my! Each beautiful angel was hand crocheted by her. The tiny thread and details on them were truly amazing! Thank you to everyone who invited me into their home to take the photos. It was a holiday treat to get to see them all!
