Weekday Members may play in Couples events that take place on the weekend; however, they will be charged a weekend green fee in addition to the entry fee. Guest Passes may not be used by members. You may pay the annual entry or on a tournament-by-tournament basis. Couples' tournaments are not Acorn Club events and not included in the Annual Entry fee.
- Annual Entry:** \$230.00. (Includes NCGA Event Qualifying Stipend). You may pay the annual entry up to the 2nd event. Afterwards you must pay on an event-by-event basis.
Entry fees are:
 \$70.00 for the Club Championship,

 \$35.00 for other acorn tournaments.

- Qualifier Entries:** Players who qualify and compete beyond the local level in NCGA qualifying events will have their entry fees paid at every level through to the final championship.
- Qualifier's Stipend:** All players who compete beyond OGCC in any of the NCGA events will split the qualifier's stipend for that event evenly even if they are a substitute. If a player qualifies but chooses not to play the NCGA event they do not qualify for their share of the stipend.
- TOC & Acorn Cup:** The top 60 men and 20 women & ties based on Acorn cup points after the Razzle Dazzle and the addition of the participation bonus points who meet all the qualifying requirements will qualify for the Tournament of Champions and play for the Acorn Cup. - TIES:** All major trophy events will settle a tie for first place gross and net with a sudden death play-off hole. All Qualifying events will settle any ties for qualification with a sudden death play-off hole. All other events will break a tie for first place flight winners by a card off using the back 9, if still tied then last 6, followed by last 3 holes based on the scoring system of the tournament. INFORMATION & GENERAL RULES FOR ALL TOURNAMENTS

The information listed herein is as accurate as possible for each event to begin the season, but the Tournament Committee, inclement weather, or abnormal course conditions may require changes to the rule sheets. Changes will be noted on either the tournament sign-up and/or format sheets provided prior to each event. In the event a situation necessitates suspension of play a siren will be sounded by the GM or golf pro staff. Upon hearing the siren all players are to stop play immediately and mark their ball where it lies and proceed back to the club house. The tournament committee chair with the General Manager and Head Golf Professional will determine whether play will resume, cease for a period not to exceed 2 hours, or be rescheduled. Players that do not return to play when play is resumed will be

- Awarded the maximum score for remaining holes
- Lose the match play match
- Be disqualified if a stroke event.

Their acorn points for the event will reflect their updated finishing position.

The following apply to all participants in all tournaments:

1. USGA & local rules apply to all events herein. Exceptions will be noted on the rules sheet prior to each event.
2. Any player who does not have at least five 18-hole scores posted in the previous 12 months to their NCGA handicap will have their tournament handicap inactivated and must use 90% of their NCGA 12 month Low Index to calculate their tournament handicap index until their tournament handicap is active again upon posting 5 OG&CC tournament handicap rounds within the last recent 12 months.
3. Events herein use the OGCC Tournament Handicap index to calculate all tournament handicaps. If you do not have an OGCC tournament handicap index you will use your NCGA Low Index of the last 12 months to calculate your tournament handicap. If you do not have a NCGA handicap you can only participate in the event from a gross score aspect, you will not be able to win or place in the net side of the tournament or be eligible for any net skins or par mutual betting places. All NCGA handicaps must be administered by OGCC otherwise you cannot participate.
4. OG&CC will be using golf genius to run all tournaments. At least one member of the 4 some must enter the scores into golf genius. Not wanting to use golf genius will no longer be acceptable. Exchange scorecards with your fellow competitors, attest scorecards upon completion and return them immediately after the round to the designated scoring area.
5. Juniors aged 14 and up may participate along with either of their member parents in Holiday Couples' Tournaments, Twilight Golf, and the Couples' Shootout. In order for juniors to participate, they must have an official handicap. Juniors of any age as long as they have an official handicap may participate in the FNL horserace and the Turkey Shoot (Must be with any adult member). There will be no exceptions to this rule.
6. Juniors of any age may participate in the Junior Boys or Girls Championship Flight of The Club Championship. No official handicap is required.
7. Music may not be played during any Acorn Club Events, whether it be from a cart, radio, or with headphones. Players will be given a 1-time warning, after which they will be subject to disqualification. This applies even if the other members of the group are OK with music.
8. Non-Member participants in any event listed herein will be subject to using 90% of their NCGA low index of the last 12 months as the tournament index to enable handicaps to be calculated. Members or Non-Members may have their handicap cut by the handicap committee if they have a history of exceptional tournament performance in OGCC Events.
9. Summer Rules will be in effect unless otherwise noted on the provided rules sheet.
10. The flight size in all tournaments will be determined by the flight size chart. It is the aim to have flights between 8 and 10 people. The exception to this is for gross flights in the club championship and small fields where a minimum of 6 will be allowed. This will also mean that there could be a single flight of 11 people if entries fall at this level. If flights can't be made even, then the lower handicap flight will have the lower number.

11. Any use of cell phones to make or receive phone calls during the tournaments is strongly advised against, any cell phone ring noise that distracts an opponent can lead to disqualification. The only exception is for communication with golf shop or restaurant. Type-texting is O.K. as long as it does not unduly delay play.
12. When a chip off is used to break a tie in an event (example horse race) all participants in the chip off must turn their backs so there will be no advantage in the order of play. Partners in a team event may watch the chip off as long as they are on the opposite side of the green and not in communication with their partner. Any hand signal or verbal communication will result in immediate disqualification. Participants must remain with their backs turned until the previous player's ball is marked, and the next participant's name is called by the event coordinator. The penalty for "looking" will be automatic disqualification. No exceptions. Failure to follow these procedures may be reported by onlookers or observed by the event coordinator and must be reported to the event coordinator before the results of the chip-off are announced. If the infraction is reported by onlookers, it must be witnessed by two or more persons. The tournament committee will have final authority over all decisions. All participants and gallery are requested to please remain silent and refrain from comment, cheer, etc. during the chip off.
13. If you fail to make the green in a chip off then you are eliminated, even if this means more teams are eliminated than required.
14. If a foursome is found to be more than (1) one hole behind and their pace of play is longer than 4 hours :20 minutes, they will be issued a warning and allowed 30 minutes to catch up. If that foursome is still one (1) hole behind at the end of the 30 minutes or not under a pace of play of 4 hours :20 minutes they will immediately be placed on the clock. Being placed on the clock will have the following two (2) facets
 - a. Each player will have 40 seconds to hit their next shot, starting at the time they arrive at their ball. If a player takes on average longer than 40 seconds to hit their ball over the clocked hole the player will be penalized 2 shots. This can apply to more than one player in the group. The Marshall must take notes and inform the player after each shot the duration it took to hit the ball and when the clock starts timing them to play the ball.
 - b. If the Marshall deems the entire group is playing slowly due to poor time management, wasting time etc., regardless of the time to take their shots the whole group can be penalized 2 strokes.
 - c. 4 hours : 20 minutes pace is equal to 14 minutes : 30 seconds per hole.

O.G.C.C. TOURNAMENT HANDICAP

Participants in all tournaments listed in the O.G.C.C. Tournament Program will play to their Oakdale Golf & Country Club Tournament index unless it is more than 1.7 strokes higher than their current NCGA World Handicap index where it will be capped. The calculation is listed below.

SCORES POSTED: The following events will have scores posted for the OG&CC tournament handicap

- All Acorn Cup events with a postable round.
- Men's and Ladies member / member
- The one-day invitational.
- The men's, women's, and senior invitationals.
- Holiday couples' events (Shamrock Couples, Memorial, 4th July and Labor Day)
- The Mustang matches

In the event the tournament allows gimmies, breakfast balls, mulligans or other modifications to the score, no upward allowance will be given to the postable score.- I.e., if you use a mulligan and sink the putt or eliminate an out of bounds score then your postable score is as if you didn't hit the first shot.

The cut-off date to calculate the tournament handicap will be the Wednesday prior to the event if held on a Saturday or 3 days prior to the event if not held on a Saturday unless specifically called out for a tournament. All handicaps will remain unchanged for the duration of the event even if the event spans other events that impact the handicap.

DATE RANGE: Your OG&CC tournament handicap will only count scores from a rolling 18-month period.

MINIMUM SCORES: If you do not have at least 5 tournament scores you will use your low 12-month NCGA index as the starting point for all index calculations until you do unless you are subject to the opt-out penalty. New OGCC Members will also use their low 12-month NCGA index as the starting point for all calculations.

OPT-OUT PENALTY: Any player who opts-out of competing in at least 2 OGCC Tournaments (that have a postable round) for the entire previous calendar year, without an excusable injury, will use 80% of his/her lowest NCGA index of the last 12 months to calculate handicaps until he/she has an established OGCC Tournament Handicap index. If you have a plus index, then the calculation will be divided by 80% instead of multiplied.

MATCH PLAY: All match play scores will count in the OGCC Tournament Handicap, however, after a match has been decided both players will be required to post par + their handicap for the remainder of the holes. In addition, a player that is conceded a shot in match play must post what he/she most likely would have made had they played out that hole. The OGCC states the following.

- A putt inside 5 feet: Add 1 additional stroke
- If the ball lies between 5 feet and 20 yards from the hole: Add 2 additional strokes.
- If the ball lies more than 20 yards from the hole: Add 3 strokes.

ADJUSTMENT: Scores will be adjusted by the USGA handicap method. The same method used to adjust and calculate your current GHIN handicap. The only difference will be OGCC will use 4 out of 10 scores instead of 8 out of 20 scores and will only count the previously mentioned tournament rounds.

FORMULATION: The OGCC Tournament Handicap is capped at using the lowest 4 out of the last 10 tournament scores. The formulation table for players with 5 or more scores will be as follows.

5 Tournament Scores	Lowest 1 out of Last 5
6 Tournament Scores	Lowest 2 out of Last 6
7 Tournament Scores	Lowest 2 out of Last 7
8 Tournament Scores	Lowest 3 out of Last 8
9 Tournament Scores	Lowest 3 out of Last 9
10 Tournament Scores.....	Lowest 4 out of Last 10

EXAMPLE CALCULATION:

An example calculation for 2 best balls from a foursome

- Players use 85% of their respective index's

Player A has a OGCC Tournament index of 10.2 and will play from the blue tees

- $0.85 \times 10.2 = 8.67$ (rounded to 8.7)
- $8.7 \times 134/113 + (71.8 - 72) = 10.12$
- This rounds to a playing handicap of 10.

Player B does not have an OGCC tournament handicap. His 12 month low index is 11.6

- $0.85 \times 11.6 = 9.86$ (rounded to 9.9)
- $9.9 \times 134/113 + (71.8 - 72) = 11.54$
- This rounds to a playing handicap of 12.

- Gross: In the Men's & Ladies Division, the Lowest Overall Gross Team or Individual will receive bonus points in the same fashion as listed above.
- Ties: If there are ties for bonus points all players or teams tied will receive the applicable bonus points for that place divided evenly amongst them and rounded up or down to the nearest whole number.

Teams with less than 8 members may add members to their roster up to the halfway point of the season at which time the roster becomes final. No exceptions. Each captain must field a team of 4 players each week that will be split by handicap and play as two twosomes. Singles who wish to play the season will be placed on teams with less than 8 members by pro shop staff, unless the team captain specifically requests a maximum team number cap. Teams capping their team number below 8 will not be shown any mercy if they require a fill in in the last 4 weeks or the play offs. Teams may consist of Proprietary, Young Executive, Weekday and Senior members. The team roster will be limited to 10 players.
- FORMAT:** Match Play every week, including playoffs. Teams play in twosomes each week. Each 2-person sub-team has both an individual match and a best-ball match within their twosome. Teams win or lose their respective matches once they are up more holes than there are left to play, but they will play all holes out because weekly payout tie breakers will be based off holes won and lost.
- WEEKLY PAYOUT:** Every match is worth 1 point and ½ points for ties. The team that wins the most matches/points will be awarded first place. Points ties will be decided on total holes won. If a match concludes and both teams decide not to play out the remaining holes, then no holes won will be awarded for the unfinished holes. If one team quits, then the other team will win the unfinished holes.
- LEAGUE POINTS:** Teams earn points for the league each week as follows. All teams will receive the points they won out of the 6 available match points plus the winning team will receive 4 points for winning the match. This means the most points you can win in a week is 10 if you win all matches. If teams tie, then they receive 2 points each plus the 3 points they won from the matches. All teams not playing due to a bye week will receive 0 points.
- SUBSTITUTES:** Any player may play as a substitute for a team that is short players up until the last four weeks of the season. During the playoffs, teams may field players on their permanent rosters only. Substitutes are eligible for weekly payouts only.
- PLAYOFFS:** Playoffs commence once all teams have played every other team once. The top 6 teams make the playoffs with 1st and 2nd receiving a bye in week one and 3rd playing 6th and 4th playing 5th. The 2nd week, the winners from week 1 will play the two teams that had a bye the first week. The lowest ranked winning team will play the team that finished 1st. The 3rd week of the playoffs will be a match between the two winning teams from week 2. The two losing teams from week 2 will play for the 3rd place position and payout. In the playoffs the winner is decided by the team who wins the most matches, in the case of a tie then holes won will be the tie breaker. If still tied, each team will choose two players to play a sudden death team match. Play will start from the 9th hole, continuing onto the 1st then 2nd, then 6th then 9th until one team wins.
- WEEKLY TEAMS:** The captain must call in your team by 3:00 PM on Thursday of that week. Teams calling in or changing their roster after 3:00 PM will be penalized 2 points from their final points for the week.

- TIES:** All ties for flight winners will be determined by a card off.
- CLOSEST TO PIN:** There will be a team closest to the pin contest. The team will mark the distance of their closest ball on each par 3 on their scorecard and add up the total of the 2 closest shots out of all 4 par 3's to count as the team closest to the pin total. This means that you must have at least 1 ball on the green on at least 2 out of the 4 par 3's to qualify for the competition. Please ask the pro shop if you need clarification on this prior to the round.
- DINNER QUAL:** The net winner of each flight will win a seat at the dinner as will the low gross team. If the low gross team wins net and gross there will not be advancement for the 2nd placed team.

THE 6th ANNUAL MUSTANG MATCHES

Date: Saturday, December 7th, 2024

- ENTRY:** Entry will be earned by finishing in the top 20 men or top 8 women. All participants will be invited to the team match draw on the Friday before the event where hors d'oeuvres and a tee gift will be presented.
- FORMAT:** Saturday – Two Person Best-Ball Matches & Individual Matches.
- TEAMS:** After the TOC, the Highest 20 Point scoring Men & Highest 8 Point scoring Women will qualify for the matches. The Male Acorn Cup winner and the women's 2nd place Acorn cup finisher will co-captain the red team. The women's Acorn Cup winner and the male 2nd place Acorn Cup finisher will co-captain the blue team. The remaining 18 men and 6 women will be ranked in handicap index order by their November 1st tournament handicap indexes respectively with all odd players on the red team and even players on the blue team.

- MATCHES:** The respective male captains will play each other with one of the team pro's making up the 2nd player in a match as will the respective women captains play each other with the other team pro making up the team. All other matches will be drawn Friday night by the Co-Captains, with each team taking turns putting up a twosome and the opposite team then getting to choose whom they will pair against that team or individual. A coin flip will determine which team puts up the first twosome, and then it will alternate from that point on. Captains will decide who to pair up in the match play format. Matches could be Male-Male, Male-Female, or Female-Female at team Captain discretion.
- HANDICAPS:** All players will play to their OGCC tournament handicap indexes at 100%. (Even the pro's if they have one, otherwise they will be play scratch).
- TEES:** Men and male pros will play the blue tees. Women and female pros will play the Silver tees.
- RULES:** Summer Rules will be in effect unless the course is deemed too wet, then modifications will be announced on the day. USGA Rules will govern all play as modified by local rules.
- WINNING TEAM:** The winning team will receive 1 free drink token per player.
- SUBSTITUTES:** If any member on either team must withdraw because of injury or emergency at the last minute he may be replaced by another member. This must be arranged with the tournament organizer.
