How it works – using the KINTO app

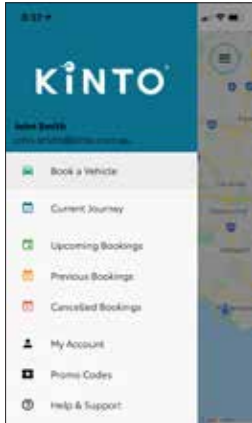

Figure 1

1. BOOKING

Once your membership is approved, KINTO will make a booking for you which will appear in “Upcoming bookings”. This will move to “Current Journey” within 5 minutes of your booking start time. Bookings are made in monthly increments and charged in advance. A minimum 30-day booking applies. See Figure 1.

2. CHECK DAMAGE

Click “Report Damage” to review existing damage (if any) and report any new damage. We ask our members to take their rubbish and leave the car reasonably clean with at least ¼ tank of fuel for the next member. See Figure 2.

3. START

When it is time for your booking to start open the app and press “Start Journey”. The phone will download a digital key at this time, so you need phone reception when you do this. See Figure 2.

Figure 2

4. CONNECT

Phone will automatically connect to the car via Bluetooth (Bluetooth will have to be enabled on your phone settings).

5. UNLOCK

Buttons will appear on the phone. Use these to unlock and lock the car. See Figure 3.

6. DRIVE

Use the Start/Power button to drive once you have unlocked the car with the app. For key operated vehicles use the key on the lanyard attached to the steering column. This key will only work if the car has been unlocked using the app. Always lock the car using the app.

Figure 3

7. ADDITIONAL DRIVERS

Allowed with your consent as long as they are also a KINTO member.

8. FUEL

Refuel using the fuel card provided. Fuel card PIN is shown in the current journey screen of the app. See Figure 3.

9. EXTENDING OR ENDING

Contact KINTO to change or end your booking. DO NOT click Extend Journey or End Booking. See Figure 3.

10. DISTANCE FEE

You will be charged at the end of your booking for all km travelled, at the rate advised for your vehicle.
