PHYSIONET+

LOCAL EXPERT PHYSIOTHERAPY CARE

Our physiotherapy network partners, **PhysioNet+**, work closely to support One Health Group, providing a modern, experienced and seamless physiotherapy service for patients who have undergone surgery.

PhysioNet+ provide care across the region, which means that One Health patients can receive physiotherapy and rehabilitation locally.

PhysioNet+ was formed in 2016 and is a partnership of Expert Physiotherapy Clinics within Derbyshire, Lincolnshire, and South and West Yorkshire.

They specialise in partnering solutions and provide online, remote access physiotherapy services via their own unique online platform, PhysioAssist. PhysioNet+ provide physiotherapy after surgery for a whole range of musculoskeletal conditions.

Their physiotherapists also specialise in the areas of sports injuries, Women's Health, Occupational Health and neurological conditions. Patients requiring physiotherapy will be referred by their One Health consultant at the appropriate stage of their surgical journey.
