Dear Kimberly:

The ACE Blockchain Challenge provides an excellent opportunity to develop an ecosystem focused on teacher data agency. Fluree is pleased to provide RANDA Solutions, lead proposer, this letter of support and acknowledgement of our intention to participate in this ecosystem. RANDA Solutions is long recognized for providing cutting-edge technology to manage education data and we are confident in the ecosystem approach to supporting teachers. Our experience in secure semantic data management gives us a unique perspective on the challenges that exist for teachers in working on an interoperable basis with digital identities.

Fluree looks forward to collaborating with the community involved in this ecosystem and the approach putting teachers at the core of education and improving learning outcomes.

Sincerely,
