Dear Kimberly:

The ACE Blockchain Challenge provides an excellent opportunity to develop an ecosystem focused on teacher data agency. IMS Global Learning Consortium is pleased to provide RANDA Solutions, lead proposer, this letter of support and acknowledgement of our intention to enable this ecosystem through the open standards Comprehensive Learner Record (CLR) and CASE. RANDA Solutions is a welcome contributor to the IMS community and we are confident in the ecosystem approach to supporting teachers. Our experience enabling a market in lifelong learning technology gives us a unique perspective on teachers issues and challenges related to data, privacy and personal agency.

IMS Global looks forward to collaborating with the community involved in this ecosystem and the approach of putting teachers at the core of education and improving learning outcomes.

Sincerely,
