Dear Kimberly:

The ACE Blockchain Challenge provides an excellent opportunity to develop an ecosystem focused on teacher data agency. Evernym is pleased to provide RANDA Solutions, lead proposer, this letter of support and acknowledgement of our intention to participate in this ecosystem. RANDA Solutions is long recognized for providing cutting-edge technology to manage education data, and we are confident in the ecosystem approach to supporting teachers. Evernym's experience with digital identity and digital credentials gives us a unique perspective on teachers and their role within academic ecosystems when it comes to digital credential exchange.

Evernym looks forward to collaborating with the community involved in this ecosystem and to the approach putting teachers at the core of education and improving learning outcomes.

Sincerely,

Nick Reinhart  
Director of Business Development
