hh2 Cloud Services® Announces Updated PDF Time Sheets for Remote Payroll Solution

Remote Payroll Receives New Look for PDF Time Sheets to Display Daily Comments, Unit Descriptions & Custom Fields and Attendance On One Screen

SALT LAKE CITY, May 26, 2017 – hh2 Cloud Services, a cloud-based construction software development company located in Kaysville, Utah (www.hh2.com), is introducing a new, updated PDF Time Sheet within the Remote Payroll Solution. The new user interface provides customers an updated look and smarter layout.

“We completely rebuilt the engine that generates it,” said Kevin Wroblewski, vice president of software development at hh2 Cloud Services. “We drastically improved performance and gave it a fresh new look and feel. We made it more efficient for users by consolidating the information on the piece of paper.”

In addition to the interface upgrade, the PDF reporting engine has received advancements as well. Users will be able to generate PDF Time Sheets for their entire companies within a few seconds.
