## Features

### Revenue Sharing Bonus Pools (RSBPs)

- 5% of company revenue will be set aside each month for multiple RSBPs.
- The payout of these pools is based on sales points or sales points plus Paid Rank.
- Your income from the pools will depend on the number of shares you earn and the number of Brand Partners participating in the pool that month as well as the company revenue for the month.
- If only 1 person qualifies for one of the pools that has a Paid Rank qualification, the maximum payout for that pool will be 50% of that monthly RSBP.
- If any pool does not pay out completely in one month, the remaining revenue will roll into the total RSBP for the next month.
- For any of the pools that have a Paid Rank requirement, you are not allowed to earn in more than one of the Paid Rank pools per month.
- Anyone that earns in the Sales Pool is still allowed to earn in any of the other 3 Pools if they meet the Paid Rank qualification

- Of the Sales Points requirement for the Sales pool, at least 2000 personal points must come from a Customer sale and 1000 personal points from the initial purchase of a new Brand Partner for a minimum total of 3000 personal sales points.
- For the pools that have a Paid Rank requirement, no more than 50% of the Sales Points can come from one team.

## Mercy Rule

If you qualify for a pool based on your Paid Rank but do not meet the minimum Sales Points requirement for that pool, you may earn a maximum of 1 share in the Rank Pool immediately lower than the one for which your rank qualifies you, if you meet the minimum sales points for that pool.

To earn this 1 share, you must still meet the minimum Sales Points requirement for the lower pool. In the event you do not meet the minimum Sales Points requirement for the lower pool, you will not earn any Revenue Share Bonus Pool from the Paid Rank pool for that month.

If you qualify for the Regional Director Pool based on your Paid Rank, but do not meet the minimum Sales Points requirement for that pool, you do not earn any shares in the Rank Pools because there is no Rank Pool lower than the Regional Director Pool.

If the Mercy Rule is invoked, and you earn 1 share in the Rank Pool immediately lower than the one for which your rank qualifies you, you may earn a **max of 1 additional share** in the lower pool from your **first blocked generation**.

## Product Qualified

In order to be able to receive commission on personal sales, you must have either purchased the product or generated at least 200 sales points. If you have a personal sale from a Customer for a product for which you have not yet been qualified, the commission for that sale will compress up to the first Brand Partner above you that has been qualified for that product. If you have a sale that compresses up and that person is a Customer, you will then be qualified on that product and can earn commission on future personal sales of that product.

## Discounts

When purchasing a product for personal use, you will receive a discount on the product equal to the percent you qualify for commissions on personal sales. If you are not commission qualified, you cannot purchase product at a discount.

### Example 1

- If I am the rank of Brand Partner, I will receive a discount of 12% on any product I purchase for personal use through my back office.

### Example 2

- If I am the rank of Senior Partner, I will receive a discount of 14% on any product I purchase for personal use through my back office.

### Example 3

- If I am the rank of Executive Partner, I will receive a discount of 16% on any product I purchase for personal use through my back office.

### Example 4

- If I am the rank of Director, Senior Director, Regional Director, National Director, or International Director, I will receive a discount of 17% on any product I purchase for personal use through my back office.

**NOTE: Commission will be paid on the full retail value of the product, not the discounted subtotal after the discount is applied.**

## Annual Renewal

Every year on or before the anniversary of the day you bought your Affiliate Membership, you will automatically be charged the Annual Renewal Fee of \$149. You will have a 30-day grace period to ensure this is paid in full. If the Annual Renewal Fee is not fully paid within the grace period, you will become inactive and will not be commission qualified.

If you have a total of 3,000 Net Personal Sales Points within the 12 calendar months from your Renewal Date, your Annual Renewal Fee will be waived.

## Commission Qualified

Upon initial enrollment as a Brand Partner, you will be commission qualified for the enrollment month plus the next 11 full calendar months from enrollment.

You must earn a total of 1,000 Net Personal Sales Points within the 12 calendar months from your Enrollment Date or your Renewal Date in order to remain Commission Qualified.

If you are not commission qualified, you cannot purchase at a discount and you cannot earn commissions. In order to become commission qualified at this point, you must generate at least 1000 cumulative personal sales points by either retail sales and/or personal purchases.
