

PURPOSE

TURBO is a virtual international osteosarcoma tumor board designed to bring together multidisciplinary osteosarcoma experts across the globe to review complex cases and share experience and knowledge.

By bringing the best minds in osteosarcoma together on a regular basis, TURBO encourages collaboration and discussion among osteosarcoma experts. With TURBO, oncologists worldwide have access to experienced and expert osteosarcoma clinicians, regardless of institution or geography.

SPONSOR

MIB Agents

FREQUENCY

Meetings are scheduled for the second Wednesday of every other month at 5p ET, with the possibility of modifications based on demand. Our 2023 schedule:

- January 11
- March 8
- May 10
- July 12
- September 13
- November 8

Cases will be prioritized and scheduled based on patient risk and time sensitivity.

PARTICIPANTS

Global oncologists with an interest in osteosarcoma are invited to attend. Patients and families may not participate. Beyond pediatric and medical oncologists, we welcome and encourage specialties that can provide valuable insight into treatment options.

- Orthopedic Oncology
- Surgical oncology (pediatric and thoracic)
- Radiation oncology
- Interventional Radiology
- Pathology

While we are discussing clinical cases, research scientists who are studying osteosarcoma are also welcome to attend and listen to the discussion to get a sense of real-life clinical challenges and applications.

To receive an invite, please contact Christina Ip-Toma at christina@mibagents.org

PLATFORM

Cases are reviewed on the OncoLens platform. TURBO meetings are conducted virtually over Zoom.

FORMAT

- 3-4 cases will be discussed in each tumor board meeting.
- Matteo Trucco, MD, a pediatric oncologist at Cleveland Clinic, is the TURBO moderator and he will introduce each presenter and share the case information in the OncoLens platform via Zoom.

GUIDELINES FOR ALL PARTICIPANTS

- Please try to make the call from a private/quiet location for your own comfort and those on the call. Background noise tends to be magnified on these calls.
- Please mute your phone/computer when not speaking to eliminate background noise.

GUIDELINES FOR ALL PRESENTERS

- If you are interested in submitting a case to TURBO, please complete the [inquiry form](#) on the MIB Agents website or email christina@mibagents.org
- Once MIB Agents receives your inquiry, you will receive a case submission template.
- Please send your case submission slides to christina@mibagents.org by 5p ET Wednesday, one week prior to the tumor board.
- Please try to make the call from a private/quiet location for your own comfort and those on the call. Background noise tends to be magnified on these calls.
- Please be prepared to join the meeting 5 minutes before the meeting starts. This will allow us to determine presentation order based on presenter time restrictions and schedules.
- Limit presentation to 5-7 minutes to allow adequate time for group discussion
- Have a focused question or questions for the group to discuss
- Even though there will often be radiology and pathology specialists with expertise in osteosarcoma on the call, presenters **must** supply their own radiologist and pathologist for review of the material, if applicable (its use is left up to the discretion of the presenter)
- All submitted materials **must** be HIPAA-compliant. Please remove all Protected Health Information (PHI) from all materials, including images.
- If you would like to share any images, static images work best. You may include images in the template or submit them separately as jpg, png, or pdf files.
- Literature review of the relevant question(s) is encouraged but a general background review on osteosarcoma is not necessary

FEEDBACK

- A summation of the tumor board consensus recommendations from the meeting will be provided to the presenter within 2 days of the call.
- MIB Agents will follow up with presenters to track outcomes post tumor board. A short survey (2 questions) will be sent 1 week and 6 months after the tumor board meeting.

DISCLAIMERS

- The MIB Agents tumor board and its discussions are for educational purposes only. The discussions during the sessions do not represent a second opinion or a formal pathologic, radiographic, surgical, or medical review. Each physician presenting on behalf of their patient is solely responsible for their patient's plan of care.
- MIB Agents tumor board participants provide permission for MIB Agents to mention their names and institutions as TURBO participants and consent to the recording of the tumor board sessions.
- OncoLens will have the rights to the tumor board video recordings for educational and marketing purposes.
