**NOTICE OF SUPERVISED STUDENTS, INTERNS AND RESIDENTS INVOLVED IN PATIENT CARE**

Arizona Veterinary Oncology is a resource for training of students, interns, and residents. Specifically, Arizona Veterinary Oncology allows students, interns and residents the opportunity to actively participate in patient care as part of their education and training, under the guidance of our oncologist. Thus, students and possibly, interns and residents will be actively involved in the diagnosis and management of your pet. Any student involved in the care of your pet will be supervised by a board-certified oncologist and in no case, will your pet be seen exclusively by a student.

If you have any questions about your pet's care at Arizona Veterinary Oncology, please ask your oncologist.
