

ALTAPURA

VAL THORENS

## Health and safety charter of commitment

Below is a non-exhaustive list of the measures we have put in place in our hotel.

### 1 • A dedicated person appointed to ensure

that the reinforced health and safety measures are implemented and adhered to.

### 2 • Staff training

on the new health and safety guidelines, preventive measures and provision of appropriate equipment.

### 3 • Reorganised front desk and reception areas

fitted with protective glass screens to provide added protection as a preventive measure.

### 4 • Specific signs and marking

in place as a reminder to practice physical distancing. "Markers" also present in areas requiring a one-way system or enhanced social distancing.

### 5 • Safe communal areas

disinfection of all communal areas and high-contact points (lifts, door handles, switches, telephones, etc.) several times a day. Treatment of surfaces according to strict guidelines and specific notices indicating every disinfection procedure.

## VAL THORENS

### **6 • Reinforced hygiene**

with hydroalcoholic hand sanitiser provided in all communal areas.

### **7 • Daily disinfection**

of all our guest rooms and communal areas according to a strict protocol using certified equipment and products that pose no risk to your health.

### **8 • A single-use magnetic key card**

during your stay.

### **9 • Adapted dining options**

according to specific guidelines and strict protocols.

### **10 • Contactless bar and restaurant menus**

available online.

**These new rules will only be effective if you follow and support them. Indeed, to tackle this exceptional situation, we all need to work together and comply with the social distancing and preventive measures recommended by the French government.**

Thank you from all of us at Altapura Val Thorens!
