Irving, TX 75039

## SUMMARY

Inventive and creative professional with an accomplished background in technology, entertainment and driving human connection. Multiple projects while working for Broadway, Hollywood and on personal creative tech initiatives have allowed me to combine these passions and reach a wide audience. I have been strengthening my engineering skills while working for Citi as a contractor through Revature.

## SKILLS

- HTML/CSS/JavaScript
- React
- Figma
- Webflow
- Adobe Suite
- Postman
- Apigee API Platform
- Communication
- Quality Engineering

## EXPERIENCE

Engineer Lead Analyst

Irving, TX

Citi/ Feb 2022 to Current

- Develop UI/UX experiences to aid API and microservices development.
- Leverage front-end tools like JavaScript, React, Redux and Tailwinds CSS to build interfaces.
- Connect Google Apigee API and proxy shared flows with front-end client views.
- Serve as Scrum Master and manage user stories and sprint tasks within Jira software.
- As a TPM, facilitate communication between teams regarding project details and blockers.
- Coordinate Apigee training sessions with developers.
- Engage in QE responsibilities of testing proxy development and internal tools with Postman and Apigee trace monitoring, clearing all for SDLC approval and product release schedules.

Web Developer

Irving, TX

Self Employed Web/ May 2019 to Current

- Discuss goals and timelines with clients, draft formal proposals through HelloBonsai.
- Design websites and applications through Figma and map out the build structure.
- Code and construct the site using HTML, CSS, JS, React, or Webflow.
- Deploy sites with version control and web hosting with client access.
- Enable and track Google Analytics and SEO settings.
- Produce YouTube tutorial videos about my design process from the ground up. Personally film and edit content with Adobe Premiere, Photoshop and Illustrator.

Web Designer

New York, NY

Alternatives 2D/3D, Inc./ Oct 2021 to Nov 2021

- Developed website content for an established branding and design agency.
- Designed email marketing templates and web page layouts in Adobe XD.

- Translated wireframes to live sites using HTML/CSS, JavaScript and Wordpress.
- Maintained client branding and tone throughout concept iterations.

Production Assistant

Burbank, CA

Warner Bros/ Aug 2018 to Dec 2018

- Facilitated production office duties on the Warner Brother's lot that helped the sitcom attain over 10 million viewers for it's 2018 premiere on ABC.
- Coordinated timely script printing and deliveries to A-list actors and crew.
- Constructed dressing rooms and educational spaces at the stage location.
- Authorized the audience coordination for VIP guests at live weekly show tapings.
- Onboarding of new employees while distributing paperwork and ID badges.

## EDUCATION AND TRAINING

Bachelor of Arts: Drama

New York University May 2016

New York, NY
