

OBJECTIVE

Following on from the Animal Behaviour Discussion Plan, the class will now test their ability to recognise the different signs and physical behaviours used by animals.

GETTING STARTED

Ask six children to play the role of the animals. Wearing the corresponding mask and only when prompted, each child will act out, the 'hissing cat', the 'angry bull', 'happy dog' etc.

PROPS

You will need to use the masks made in the 'Animal Mask' activity.

1. THE BULL

Using the bull mask ask one child to be the 'Bull' and to act out the following warning signs typical to a bull who might charge. The 'warning signs' are to be called out by the class.

-  They will stop grazing & watch you
-  Bellow – make a grunting sound
-  Start pawing the ground with their hoof
-  Shake their head from side to side

SAMPLE QUESTIONS

1. Ask the class why a farmer would place a ring in a bull's nose.
2. Ask the class how hold a bull is when they get a ring placed in their nose.

2. THE HORSE

A. The Signs Remind the class of how a horse uses their ears to communicate by repeating the exercise of putting their hands on either side of their heads. Now call out the following emotions and see how much the children have remembered.

'Happy Horse'
Ears pricked forward and alert

'Listening Horse'
Ears pivot and twist from side to side. The horse has been alerted to something.

'Sleepy Horse'
Ears out to the side show horse is relaxed/sleepy, but in some cases unwell. Normally the hind leg will be resting and the eyelids will be droopy.

'Cross or Scared Horse'
Ears flattened back is a warning sign. The horse is feeling aggressive or scared and you may be in danger of being bitten or kicked.

SAMPLE QUESTIONS

1. Keeping their hands on either side of their head, call out the emotions at a faster pace and see who can get them right!

B. Blind spots and Hand feeding:

1. Hand feeding:

Using the horse animal mask ask one child to volunteer and act the role of the horse. Ask the children to look at the 'ears', how is the horse feeling? As the ears are pricked forward it is showing signs that it is ok to feed by hand.

Ask the children to show you the 'safe' and 'not safe' way to hand feed a horse. The pictures will remind you!

2. Blind spots:

Stand at various places around your 'volunteer horse' and ask the children if they you are standing in a blind spot area or a safe area:

- a. Front - Blindspot
- b. Behind - Blindspot
- c. Shoulder -Visible

3. DOGS and CATS

- i. Ask four children to come to the top of the class. Two will wear a cat mask two will wear a dog mask.
- ii. Whisper into each child's ear that they are either 'a good cat', 'a sick dog', etc. Ask each child to act out their role. The class have to guess which is which.
- iii. How many can the children remember from the class discussion?

SAMPLE QUESTIONS

- i. A dog showing its teeth is it snarling or smiling?
- ii. Do we approach a dog/cat we don't know? **Why?**
- iii. Do we ask the owner before we approach their dog or cat? **Why?**
- iv. After touching all animals what do we do with our hands? **Why?**
- v. Download the animal pictures in the resources page and ask the children if they know how the animals are feeling.

A disease that goes from an animal to a person is Zoonoses. To prevent the spread of a Zoonotic disease hand washing is very important! www.zoonoses.ie

HANDWASHING POEM

Get some water, not too hot
 Add the soap, quite a lot
 Now clean on top and in between
 Twist those hands, they're NEARLY clean
 Clean each thumb, one by one
 Finger-tip twists, we're nearly done
 Rinse them off and dry up too
 They're clean, we're done good for you!
