# CROWDED PLACES SAFETY & SECURITY

## **DAYS:**

1 Day

## **LANGUAGE:**

English

## **DESCRIPTION:**

Event arenas and other crowded environments seek to create welcoming, safe and secure environments. The ability of security staff to protect the public, infrastructure and reputation depends upon their skills and training. A security officer is often the first professional and visible layer of security, and their presence displays vigilance and acts as a deterrent to those who may have hostile intent. Our training package provides delegates with the ability to recognise, plan for, manage, report and respond professionally to suspicious behaviours, activity or incidents.
