

# MG HS PHEV

Quality speaks for itself.

Quality speaks for itself.

Quality needs no explanation. It's instinctive.

You can just sense when something is more considered, more crafted. When it's something of true worth, even if it doesn't come with a high price tag.

Quality means making the right decisions at every stage. With an unfaltering commitment to the highest standards in every detail.

It appears effortless, but it's never easy. It takes hard work, skill and care to create flawless looks and intelligent design.

Quality has a power, a presence.

An understated confidence that never shouts to stand out.

You'll find it in every millimetre of MG HS PHEV.

MG HS PHEV

# MG HS PHEV

## MADE FOR FAMILY LIVING

With purposeful, sporty looks and a spacious interior filled with comfort and intelligent features, it's easy to just get in and get away for the perfect escape. Relax in the generous seats as our smart tech smooths out the ride. And, with two levels of trim to choose from; Excite and Exclusive, there's an MG HS Plug-in Hybrid EV to suit every lifestyle.

- **7 year warranty**  
For complete peace of mind.
- **Spacious interior**  
Class-leading room in the front, reclining seats in the rear.
- **Superior materials**  
Soft-touch fabrics with leather options on Exclusive models.
- **Innovative technology**  
Keyless entry, colour touchscreen, Apple CarPlay™, Android Auto™ and much more for added convenience.
- **MG Pilot**  
Driver assistance suite to make your journey smoother and safer.

# DESIGNED FOR FAMILY MOMENTS

Time together. It's so rare these days, but it's never been more important.

That's why MG HS PHEV is designed to bring your family together and leave the world behind.

There's space and comfort, so you can all feel more relaxed from the moment you set off.

Not to mention everything from Adaptive Cruise Control to Traffic Jam Assist from our

MG Pilot suite of driver assistance systems, to make every journey stress-free.

# STYLE NEVER SHOUTS

MG HS PHEV has the bold lines and statement features of a thoroughbred SUV. At the front our stellar field grille perfectly frames our largest MG badge yet. Travel down the sleek lines, past the gleaming alloys, and to the rear you'll find the twin tailpipes and aluminium bumper exuding dynamic confidence.

# THE SPECIFICATION SPEAKS VOLUMES

Life feels better when it's less effort. That's why comfort is paramount whenever you open the door and ease yourself into the soft touch seats of your MG HS PHEV. No other car in its class offers more shoulder, hip and head room in the front; while reclining rear seats, clever storage, folding cup holders and other clever features make sure you and your family want for nothing.

## THE MARK OF QUALITY Panoramic opening sky roof\*

## Soft touch interior

Everything you touch from the dashboard and interior door trim to the leather seats, is created in rich, soft touch materials, in optional Black or Red/Black\*.

The image shows the interior of a red MG HS PHEV. The car features black leather seats with red stitching and red leather accents on the dashboard, door panels, and center console. The steering wheel is black with the MG logo in the center. The dashboard has a large 10.1-inch touchscreen display. The car is parked in a city at night, with blurred lights visible through the windows.

### **Ambient lighting\***

Set a softer mood or create a sportier feel with the full spectrum ambient lighting options.

### **Superior seating**

The carefully designed leather seats provide comfort and support in all the right places. With a one piece back, the sports seats are heated with electric six-way adjustment.\*

### **Intuitive dashboard**

Designed with style and simplicity, the MG HS PHEV dashboard is focused around a bold 10.1" colour infotainment touchscreen, compatible with Apple CarPlay™ and Android Auto™.

\*Exclusive only.

THE NEW MG HS PLUG-IN HYBRID EV  
LOW CO<sub>2</sub> HIGH QUALITY

The new MG HS Plug-in Hybrid EV gives you a high quality specification; plus a state-of-the-art electric motor to significantly reduce your everyday emissions.

So as well as an SUV fully loaded with features, you can look forward to lower CO<sub>2</sub>, an impressive electric range, and the latest tech to keep you connected to your world.

# MG HS PLUG-IN HYBRID EV

## A QUIET CONFIDENCE

MG HS Plug-in Hybrid EV is the perfect union of efficiency and performance. Delivering up to 69 kilometres\* on the electric motor alone, it drives your CO<sub>2</sub> emissions down to just 43g/km. Reducing your carbon footprint and your fuel bills.

There's ample power too, with a combined output of 258PS that takes you to 100 km/h in just 6.9 seconds.

What's more, to make every drive truly effortless, we've also introduced an innovative 10-speed transmission; designed to optimise power delivery and efficiency in both hybrid and electric only mode.

\*EV only driving range of 52 kilometres combined, 69 kilometres city.

A blue MG HS PHEV SUV is shown from a front-quarter perspective, driving on a road. The car is in motion, with a blurred background of mountains and a clear blue sky. The car's headlights and grille are prominent. The license plate reads 'MG HS PHEV'.

## INNOVATION AT HEART

Behind the wheel of MG HS PHEV, you'll find an array of innovative features at your fingertips.

Such as Apple CarPlay™ and Android Auto™ to keep you fully connected to your media and messages. As well as a 360° parking camera to give you an unobstructed view in even the tightest parking spots.

For complete driving confidence, there's also MG Pilot advanced driver assistance technology. Our comprehensive suite of warning and alert features designed to make every trip safer and simpler.

# MG PILOT

The MG Pilot suite of high-tech driver assistance technology gives you added confidence on the road. A selection of warning and alert features assist the driver, maintaining safety and simplifying everyday driving.

## Adaptive Cruise Control (ACC)

Adaptive Cruise Control monitors the road ahead. As long as the road ahead is clear, ACC maintains the speed set by the driver. If the system spots a slower vehicle within its detection range, it gently reduces speed by releasing the accelerator or actively engaging the brake control system. If the vehicle ahead speeds up or changes lanes, ACC automatically accelerates back to the driver's desired speed.

## Intelligent speed limit assist

The car will actively detect speed limit signs and alert the driver of the current speed limit by way of a symbol on the driver's instrument cluster. The symbol acts as a reminder to the driver, reducing the risk of exceeding the speed limit.

### **Blind Spot Detection (BSD)**

This system keeps a lookout to help you change lanes safely. A radar sensor serves as BSD's electronic eye, registering objects in hard-to-see areas. Whenever there is a vehicle in the driver's blind spot, a visual signal will show next to the door mirror.

### **Intelligent high beam assist**

When the headlight high beam is set to the AUTO position, the system automatically switches to low beam when it detects a vehicle ahead. This enables drivers to maximise the use of high beam, making night-time driving safer, without the risk of dazzling oncoming traffic.

### **Active Emergency Braking (AEB)**

At speeds below 19 km/h, the car will automatically apply its brakes to avoid a collision with a vehicle, bicycle or pedestrian. At speeds above 19 km/h, AEB will reduce the likelihood or mitigate the severity of an accident.

### **Lane Keep Assist (LKA)**

Lane Keep Assist uses a camera to detect lane markings ahead and monitors the vehicle's position in its lane. When the function detects the vehicle is about to unintentionally move out of its lane, it warns the driver by means of a visual, audible and steering wheel vibration. The car will also control the steering to keep within its lane.

### **Traffic Jam Assist (TJA)**

When Adaptive Cruise Control is turned on, Traffic Jam Assist continuously analyses the speed of the surrounding vehicles and compares it with its own driving speed. If the system detects dense traffic or a traffic jam at speeds below 56 km/h, the driver can activate TJA. The car will automatically follow the vehicle in front, controlling its acceleration, braking and steering within the same lane.

MG Pilot features vary by model.

MG HS has achieved the maximum five star rating from Euro NCAP, the world's leading road safety agency. Designed and engineered with a range of active and passive safety systems as standard, MG HS excelled in Euro NCAP's latest collision protection and avoidance tests which are the most stringent tests ever conducted.

# CONNECTED COMMUNICATION

The innovative technology in MG HS PHEV is designed with people in mind. From the colour touchscreen to the integrated speaker system, this SUV is bristling with intelligent touches to keep you comfortable, connected and in complete control.

# AFTERCARE

## 7 Year Warranty

Built to the highest standards in our state-of-the-art factories, we are so confident of the quality and reliability of MG HS PHEV that we give it a 7 year manufacturer's warranty.

Our warranty is fully transferable to future owners and lasts for up to 7 years or 150,000 kilometres, whichever comes first. So, from day one to the end of your car's seventh year, you can be sure that MG is right beside you!

SPEAK TO YOUR MG DEALER OR VISIT **MG.IE** FOR MORE INFORMATION

SAY HELLO TO THE

**FAMILY**

MG HS Plug-in Hybrid EV has joined the MG range alongside our fully electric cars, MG ZS EV, and MG5 EV. All new MGs feature our famous 7-year warranty and our nationwide network of professional, experienced dealers are ready to welcome you to the family.

# MG HS PHEV TYRE ENERGY LABEL

Tyre energy labels provide a clear and common classification of tyres performance for rolling resistance, braking on wet surfaces and external noise. The energy efficiency class ranges from A (most efficient) to G (least efficient). The wet grip class also ranges from A (shorter braking distance on wet asphalt) to G (longest). The external noise class ranges from A (less noise outside the vehicle) to B (more noise, with noise levels in the C class no longer allowed).

Standardised tests are carried out to assess the performance of tyres in all the 5 parameters indicated in the label. The QR code, read with a smartphone or other suitable reader, is intended to provide additional information from a European Commission database.

Terms and Conditions: Every effort has been made to ensure that the contents of this publication were accurate and up to date at the time of being published (December 2020). Please note colours and accessories are for illustrative purposes only. Colours and finishes replicated are subject to limitations of the printing process and may vary from actual colour and paint finish. MG Motor Ireland endorses a policy of continuous improvement and reserves the right to make changes at any time without notice to colours, accessories, material, design, shape, specification and models.
