## Horizons sees people first and disabilities second.

We believe every person has a unique light. We create opportunities for individuals to let their light shine. What began as a summer camp in 1979 has become so much more today. By offering a full range of supports, Horizons enables children and adults who have developmental disabilities and other special needs to focus on their gifts and dreams. We provide opportunities for people to live their lives in ways that work for them.

increasing by **126%** from **\$56,014** in 2005 to **\$126,381** in 2015. We are very grateful to all who believe in the mission of Horizons and contribute to our annual campaign.

## Heart on My Sleeve — Soul on My Wrist

In the early 2000s, “Awareness Bracelets” appeared in our culture and became a wearable way to demonstrate support for a cause or belief.

At Horizons we take it one step further. Every year, staff sport a different wristband so that collectively we can focus on a new way to make our mission come alive.

### Horizons “Wristband Words” Over the Years
