PROFILE

Studied at the Ontario College of Art and Design University in Toronto. Brian pulls from his Commercial Design, Fine Arts and Graphic and Set Design background to draw inspiration for his design work.

Collaborating with Directors, DOP's, Writers and Producers, Brian develops the project's unique visual style from concept to final execution. His work was essential to the design of numerous film and television series projects that have become successful in both North American and International markets. Some of those popular series include Soul Food (Showtime), Star Falls (Nickelodeon, YTV), Good Witch Series and Specials (Hallmark), and more recently, The Hardy Boys (Hulu).
