

# **Policy Regarding Video Recording**

**Everyone needs to aware of the SDHSAA policy regarding video recording. This includes coaches, athletes, parents etc.**

**I want to bring your attention to a particular part of the policy:**

**“Any member school that wishes to video record a regular season game or event that does not involve its own team or athletes must receive permission from the host school as well as the team(s) that are involved in the competition.”**

**Again, this applies to not only to coaches, but athletes, parents, staff, etc.**

**The entire policy can be found on the SDHSAA web site ([SDHSAA.com](http://SDHSAA.com)).**

**Go to the Athletic Handbook, General Information, page 13.**
